

- Application for Grant of Licence
- Application for Renewal of Licence
- Application for Variation of a Licence

The operation of riding establishments is strictly controlled by the Animal Welfare Act 2006. To run a riding establishment (where horses or ponies are hired out for riding or used for riding instruction), you need a licence from the Local Authority. A licence is not required if you are simply providing livery (i.e. stabling) facilities for horses.

In addition to horses and ponies in traditional riding schools, trail riding, orienteering and trekking establishments require a licence. The running of beach ponies and donkeys, instruction in playing polo (other than on the pupil's own horse) and the hiring of horses for hacking and hunting also require a licence.

Under the Act the term 'horse' includes horses, ponies and donkeys.

Licences are valid for a period of one, two or three years from the date of issue.

The fee for this licence in the East Lindsey District is currently £120.00. In addition, you will be recharged the cost of the vets inspection, which will be undertaken by a veterinary surgeon registered on the current RCVS and BVA 'List of Approved Riding Establishment Inspectors'.

The licence application form should be completed and returned with the fee of £120.00 to the Licensing Team, East Lindsey District Council, Tedder Hall, Manby Park, Louth, Lincolnshire, LN11 8UP. Cheques and postal orders should be made payable to 'East Lindsey District Council'.

Please note that we no longer accept cash for the payment of licence application fees.

The Licensing Team is able to provide facilities for licence payments by credit and debit cards. Further information on payment by credit or debit card is available by contacting the Licensing Team direct.

PLEASE NOTE: If your application relates to beach donkeys then you should contact the Licensing Team for an alternative application form. Please do not use this form to apply for a licence in respect of a beach donkey operation.

Application Evaluation Process

Before deciding a licence application, the Council are required to arrange for and consider a report from a suitably qualified veterinary surgeon (or practitioner) detailing whether the premises are suitable for a riding establishment and detailing the conditions of the premises and any horses.

Once the application is received by the Council it will be forwarded to the qualified veterinary surgeon (or practitioner) to inspect the premises. An appropriate Council Officer will probably also be present during the veterinary inspection. The premises, facilities and management will be inspected to ensure they comply with the current riding establishment licence conditions.

Any licence applicant must be suitable as to their experience in the management and care of horses and have the ability to supervise the riding establishment. With this in mind you may wish to note that the British Horse Society (BHS) and the Association of British Riding Schools (ABRS) offer a selection of recognised qualifications.

Licence applications will be either approved with licence conditions or refused. The number of horses that may be accommodated at the premises will be specified on the licence.

When considering an application for a riding establishment licence the Council will have regard to the following:

- whether the applicant is suitable and qualified to hold a licence.
- that consideration will be given to the condition of the horses and that they will be maintained in good health, kept physically fit and where the horse is to be ridden or used during riding instruction, be suitable for that purpose.

- that the animals feet will be trimmed properly and that shoes are fitted properly and are in good condition.
- that there will be suitable accommodation for the horses.
- that for horses maintained on grass there is suitable pasture, shelter and water and that supplementary feed will be provided as and when needed.
- that horses will be provided with suitable food, drink and bedding materials and will be exercised, groomed, rested and visited at suitable intervals.
- that precautions will be taken to reduce the spread of contagious or infectious diseases and that veterinary first aid equipment and medicines will be provided and maintained.
- that appropriate procedures are in place to protect and remove the horses in the case of a fire and that as part of this the name, address and telephone number of the licence holder is displayed outside the premises and fire instructions are displayed.
- that storage facilities for forage, bedding, stable equipment and saddlery are provided.

In addition, a riding establishment licence is subject to the following conditions:

- that any horse inspected by an authorised officer and found to need veterinary attention will not be returned to work until the licence holder has obtained a veterinary certificate confirming the horse is fit for work.
- that a horse will not be let out for hire or for use in instruction without the supervision of a responsible person aged 16 years or older, unless the licence holder is satisfied the rider doesn't require supervision.
- that the business will not be left in the charge of someone under 18 years of age.
- that the licence holder holds indemnity insurance.
- that the licence holder keeps a register of all horses in their possession that are kept for the licensable activity.

Health and Safety Legislation

In addition to the above in order to satisfy health and safety legislation you will require:

- A health and safety policy statement.
- Risk assessments which cover equine activities carried out by staff and clients.
- A fire risk assessment including an evacuation plan.
- Horse suitability / temperament assessments.
- Rider assessments (to include new riders).
- Records of lessons.
- Road riding procedures (safety).
- Emergency procedures.

Appeals

Any applicant refused a licence has a right of appeal to First-Tier Tribunal.

Planning Permission

Any premises from which a riding establishment operates may require planning permission. Applicants are advised therefore to contact this Authority's Development Control Department, for further information regarding planning matters. Building works may also require approval from the Council's Building Control Section.

Licence Renewal Reminders

All licence holders will normally be sent a reminder and the necessary forms of renewal approximately three months in advance of the expiry of a licence. Please note the responsibility for renewal rests with the licence holder. Reminders are sent purely as a courtesy.

Annual Veterinary Inspection

All licensed premises will be subject to an annual veterinary inspection. You will be recharged the cost of the annual inspection.
