| d) Within 8 years | <input type="checkbox"/> | e) Later than 8 years | <input type="checkbox"/> | | |

Please write in the boxes below **three reasons** why you think your site should be developed for housing.

We need to know how your proposal will satisfy national and local planning policies. In particular, when we consider your site we will be looking at:-

- The status of the settlement in which the development is proposed (according to the 2018 Local Plan);
- The need for you development (e.g. lack of affordable housing, unmet market demand, evidence of need from surveys, parish plans etc);
- If it fits into an existing settlement or extends it out into open countryside;
- If there is sufficient capacity in the utility services available (e.g. water, sewerage, gas/electricity);
- If the site access is safe;
- How close is it to essential services and community facilities;
- The flood risk to the site and how it could be dealt with;
- If your proposal would help to reduce the need to travel by car;
- The site's potential for mixed-use development;
- Its contribution to the life of the local community;
- Its contribution to the District's or local economy;
- If it is, or can be, served by public transport;
- It's impact on important and protected historical, archaeological, landscape, wildlife and geological sites;
- Its impact on important local features, including trees, hedgerows, listed buildings, footpaths, ancient monuments, watercourses, etc

You might like to deal with some of these matters when giving you reasons.
