To Whom it May Concern

Re: Permissive Footpath around Sotby Wood

The above permissive footpath was in place from 2010 until 29/2/2020 as part of the Environmental Stewardship (HLS) scheme in place at that time. The permissive footpath remains in place currently and we intend to retain the route should the Solar farm be constructed. The path is not well used and is only periodically mown (to prevent scrub growth). If the solar farm does not proceed we will stop maintaining the path and revert it back to the field.
