

Gambling Act 2005

Gambling Policy (Statement Of Principles) 2016

The Gambling Act 2005 requires every Licensing Authority to publish a Gambling Policy (Statement of the Principles), which they propose to apply when exercising their licensing functions. This document is the Gambling Policy (Statement of Principles) of East Lindsey District Council.

Whilst all applications will be judged and determined on their individual merits the policy will be the basis of the Licensing Authority's decisions. The policy will be reviewed regularly to reflect the needs of the East Lindsey District.

Adopted 7 October 2015

Published 2 December 2015

Part A

1. Introduction

1.1. East Lindsey District Council (hereinafter referred to as the Licensing Authority) is responsible for the licensing of premises and the issue of permits and authorisations under the Gambling Act 2005. The Authority's main functions under the Gambling Act 2005 (2005 Act) are:

- Be responsible for the licensing of premises where gambling activities are to take place by issuing Premises Licences
- Issue provisional statements
- Regulate members' clubs and miners' welfare institutes who wish to undertake certain gaming activities via the issuing of club gaming permits and/or club machine permits
- Issue club machine permits to commercial clubs
- Grant permits for the use of certain lower stake gaming machines at unlicensed Family Entertainment Centres
- Receive notifications from alcohol licensed premises (under the Licensing Act 2003) for the use of two or fewer gaming machines

- Issue licensed premises gaming machine permits for premises licensed to sell/supply alcohol (for consumption on the licensed premises), under the Licensing Act 2003, where there are more than two machines
- Register small society lotteries below prescribed thresholds
- Issue prize gaming permits
- Receive and endorse temporary use notices (TUNs)
- Receive occasional use notices (OUNs)
- Provide information to the Gambling Commission regarding details of licences and permits issued (see section in this Policy Statement on 'information exchange')
- Maintain registers of the permits and licences that are issued under these functions

1.2. This Policy (Statement of Principles) is intended to provide clarity to applicants, interested parties and responsible authorities on how this Licensing Authority will determine applications. Guidance will be made available to assist applicants: the aforementioned guidance does not form part of this Policy.

1.3. The Licensing Objectives - In exercising most of its functions under the Gambling Act 2005, the Licensing Authority must have regard to the licensing objectives as set out in section 1 of the Gambling Act 2005. The licensing objectives are:

- Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime.
- Ensuring that gambling is conducted in a fair and open way.
- Protecting children and other vulnerable persons from being harmed or exploited by gambling.

1.4. It should be noted that the Gambling Commission has stated: "The requirement in relation to children is explicitly to protect them from being harmed or exploited by gambling".

1.5. The Licensing Authority is aware that in making decisions about premises licences it should aim to permit the use of premises for gambling in so far as it thinks it:

- in accordance with any relevant code of practice issued by the Gambling Commission

- in accordance with any relevant guidance issued by the Gambling Commission
- reasonably consistent with the licensing objectives and
- in accordance with the Authority's Statement of Licensing policy

Please contact the Licensing Team for a list of the latest and up to date guidance, codes of practice, etc.

2. General Matters

2.1 East Lindsey District Council is situated in the County of Lincolnshire, which contains 7 District Councils in total. The East Lindsey District Council area has a population of 136,400 (Census 2011). In terms of area it is the largest in the County, covering 700 square miles. Furthermore the Council is the third largest district (in terms of area) in the country. The district covers virtually the entire Lincolnshire coastline, including the seaside resorts of Skegness, Ingoldmells, Chapel St Leonards, Sutton on Sea and Mablethorpe. In the heart of the district lies the Lincolnshire Wolds, a designated Area of Outstanding Natural Beauty (AONB). The main industries are agriculture and tourism. The coastal resorts within the district have a history of amusement arcades, which now operate as family entertainment centres or adult gaming centres. A map of the East Lindsey district is shown at Appendix 2 of this document. Skegness is the fifth largest seaside resort in England and the population along the coast increases from 60,000 to 240,000 during the summer tourist season.

2.2 At the time of adopting this Policy the Licensing Authority was responsible for the following number of premises licences and permits:

Number of Gambling Authorisations - Current Figures (September 2015)

Betting Premises Licences	17
Bingo Premises Licences	11
Adult Gaming Centre Premises Licences	38
Family Entertainment Centre Premises Licences	19
Family Entertainment Centre Permits	82
Alcohol licensed premises providing two or less gaming machines	211
Alcohol licensed premises providing three or more gaming machines	44
Club Gaming Permits	11
Club Machine Permits	7
Prize Gaming Permits	1

2.3 In adopting this Policy (Statement of Principles) the Licensing Authority recognises its duties to consider the impact of all its' functions and decisions on crime and disorder (Section 17 of the Crime and Disorder Act 1998). The Council acknowledges the benefits to the community of properly regulating gambling in the district.

2.4 The Licensing Act 2003 provides the delegated and procedural arrangements for the establishment of Licensing Authorities. Licensing Committees established under Section 6 of the Licensing Act 2003 are also the relevant committees for the purpose of gambling functions. Therefore, the same

committee that deals with applications and other issues in relation to the Licensing Act 2003 will also be responsible for premise licence applications and other issues (i.e. permits) in relation to gambling under the Gambling Act 2005.

- 2.5 The proceedings of the Licensing Committee are regulated by Section 9 of the 2003 Act (and regulations made under that section). Particular provision can be made for proceedings in relation to just the 2003 Act functions or just the 2005 Act functions.
- 2.6 The functions of the Licensing Authority under the Act may be carried out by the Licensing Committee, by a Sub-Committee or by one or more officers acting under delegated authority. Delegated powers shall be in accordance with the table at Appendix 1 of this document.
- 2.7 Licensing Authorities are required by the Gambling Act 2005 to publish a Gambling Policy (Statement of the Principles), which they proposed to apply when exercising their functions. This statement must be published at least every three years. The statement must also be reviewed as required and any amended parts re-consulted upon. The statement must be then re-published.

2.8 The Licensing Authority consulted widely upon this Policy (Statement of Principles) before finalising and publishing. A list of the persons consulted can be found at Appendix 4 of this document. The consultation took place between 21 July and 28 August 2015.

2.9 The Gambling Act 2005 requires that the following parties be consulted by Licensing Authorities:

- The Chief Officer of Police
- One or more persons who appear to the Authority to represent the interests of persons carrying on gambling businesses in the Authority's area
- One or more persons who appear to the Authority to represent the interests of persons who are likely to be affected by the exercise of the Authority's functions under the Gambling Act 2005

2.10 The Policy (Statement of Principles) was submitted for approval at a meeting of the full Council on 7 October 2015 and published via the Council's website (www.e-lindsey.gov.uk), on 2 December 2015. Copies are available from the Licensing Team at Tedder Hall, Manby Park, Louth, LN11 8UP.

- 2.11 Should you have any comments as regards this Statement of Principles please send them via e-mail or letter to the following contact:

The Licensing Team, East Lindsey District Council, Tedder Hall, Manby Park, Louth, LN11 8UP

E-mail: licensing@e-lindsey.gov.uk or telephone 01507 601111.

- 2.12 It should be noted that this Policy (Statement of Principles) will not override the right of any person to make an application, make representations about an application, or apply for a review of a licence, as each will be considered on its own merits and according to the statutory requirements of the Gambling Act 2005.
- 2.13 Planning Permission - The Licensing Authority will only take into account relevant representations related to gambling and the three Licensing Objectives. The existence of a planning permission or building regulation approval for a premises or activity associated with gambling shall not be taken into account by the Licensing Authority in determining a Premises Licence application. Similarly, the existence of a gambling licence shall not prejudice the consideration of any planning or building regulation application related to a gambling activity or premises.

3. Declaration

- 3.1 In producing the Policy (Statement of Principles), the Licensing Authority declares that it has had regard to the licensing objectives of the Gambling Act 2005, the guidance issued by the Gambling Commission, and any responses from those consulted on the Policy (Statement of Principles).

4. Responsible Authorities

- Body representing Children from Harm

- 4.1. The Licensing Authority has designated in writing the body it considers competent to advise the Licensing Authority on the protection of children from harm. This body is:

Lincolnshire Safe Guarding Children's Board

The reasons the Licensing Authority has chosen the above as a responsible authority competent to advise it on the protection of children from harm are:

- That this body is answerable to democratically elected persons and is not answerable to a particular vested interest group.
- That this body is responsible for the area covered by the Licensing Authority and this Policy.
- That this body is experienced in dealing with the protection of children.

The contact details of all the Responsible Authorities are available by contacting the Licensing Team.

5. Interested parties

- 5.1 Interested parties can make representations about licence applications, or apply for a review of an existing licence. These parties are defined in the Gambling Act 2005 as follows:

"For the purposes of this part a person is an interested party in relation to an application for or in respect of a premises licence if, in the opinion of the Licensing Authority which issues the licence or to which the applications is made, the person-

- a) Lives sufficiently close to the premises to be likely to be affected by the authorised activities,
- b) Has business interests that might be affected by the authorised activities, or
- c) Represents persons who satisfy paragraph (a) or (b) e.g. Members of Parliament and Ward Councillors.

It should also be noted that in relation to a casino premises licence each applicant for a casino licence is automatically an interested party in relation to any other casino licence application in the East Lindsey area.

- 5.2 Interested parties can be persons who are democratically elected such as Councillors and MPs. No specific evidence of being asked to represent an interested person will be required as long as the Councillor or MP represents the ward likely to be affected. Likewise, town and parish councils likely to be affected will be considered to be interested parties. Other than these however, this Authority will normally require written evidence that a person/body (e.g. an advocate/relative) 'represents' someone who either lives sufficiently close to the premises to be likely to be affected by the authorised activities and/or has business interests that might be affected by the authorised activities. A letter from one of these persons, requesting the representation is sufficient.
- 5.3 If individuals wish to approach Councillors to ask them to represent their views then care should be taken that the Councillors are not part of the Licensing Committee dealing with the licence application. If there are any doubts then please contact the Licensing Team on 01507 601111 or email: licensing@e-lindsey.gov.uk. Where a Councillor represents an interested party, in order to avoid conflict of interests, that Councillor shall not be part of the Licensing Committee dealing with the licence application. If there are any doubts, Councillors will be asked to contact the Council's Legal Services to gain further advice.
- 5.4 Principles of deciding on Interested Parties - The Licensing Authority is required by regulations to state the principles that it will apply in exercising its powers under the Gambling Act 2005 to determine whether a person is an interested party. With regard to specific premises, the Licensing Authority will consider whether a person is an interested party on a case-by-case basis, judging each on its own merit. The Authority will not apply a rigid rule to its decision-making.
- 5.5 The principles the Licensing Authority will apply when deciding whether or not a person is an interested party are:
- The size of the premises where larger premises may be considered to affect people over a broader geographical area compared to smaller premises offering similar facilities;
 - The nature of the activities being conducted on the premises.
- 5.6 Persons living sufficiently close to the premises - The Licensing Authority will take into account the following factors when interpreting 'sufficiently close':
- Size of the premises
 - Nature of the premises
 - Distance of the premises from the location of the person making the representation

- Potential impact of the premises, i.e. number of customers, routes likely to be taken by those visiting the establishment; and
- Circumstances of the complainant, i.e. interests of the complainant that may be relevant to the distance from the premises.

- 5.7 The Licensing Authority recognises 'sufficiently close to be likely to be affected' could have a different meaning for, for instance, a private resident, a residential school for children with behavioural or other problems and a residential hostel for vulnerable adults and will therefore deal with each representation on its own merit.
- 5.8 Persons with business interests that could be affected - The Licensing Authority will firstly determine whether or not a person is an interested party and secondly whether or not their representation is relevant. Representations by such persons that do not relate to the Licensing Objectives but focus on demand and competition will not be considered as relevant.
- 5.9 The Licensing Authority will need to be satisfied that the relevant business is likely to be affected and shall not take into account representations put forward by a rival

operator, anywhere in the country, simply because they are in competition within the same gambling sector. The following factors will therefore be relevant:

- Size of the premises.
- The 'catchment' area of the premises (i.e. how far people travel to visit).
- Whether the person making the representation has business interests in that catchment area that might be affected.
- Whether or not the representation is purely based on 'competition' as the Licensing Authority does not consider this to be a relevant representation.

Representations will not be considered as relevant where they relate to demand or competition.

- 5.10 The Licensing Authority will decide upon representations from those persons with business interests on an individual basis. The Licensing Authority will consider the Gambling Commission's guidance that 'has business interest' should be given the widest possible interpretation and include partnerships, charities, faith groups and medical practices.

- 5.11 Persons representing persons living sufficiently close and/or having business interests that may be affected - With regard to persons representing persons living sufficiently close and persons having business interests that may be affected, the Licensing Authority will take into account trade associations, trade unions, residents and tenants' associations. The Licensing Authority will not, however, generally view these bodies as interested parties unless the organisation can demonstrate that they have a member who can be classed as an interested person under the terms of the Gambling Act 2005, i.e. lives sufficiently close to the premises to be likely to be affected by the activities being applied for.
- 5.12 Representations - Only Responsible Authorities and Interested Parties may make representations. Advice on how to make a representation is available from the Licensing Team. Where there are representations, the Licensing Authority will encourage negotiation between the objector and the applicant as to the possible use of conditions on the licence.
- 5.13 Where there are representations the Licensing Authority will determine whether or not they will be admissible and will consider carefully whether the representations are relevant. Relevant representations must be relevant to the three Licensing Objectives, raise issues under the Licensing Policy, raise issues under the Gambling Commission Guidance or raise issues under the Gambling Commission's Codes of Practice.
- 5.14 Representations are not relevant where they are vexatious or frivolous and before a decision is made as to whether it is relevant or not, the Licensing Authority will consider:
- Who is making the representation and whether there is a history of making representations that are not relevant.
 - Whether or not it raises a relevant issue, or
 - Whether it raises issues specifically to do with premises that are the subject of the application.
- 5.15 The Licensing Authority strongly recommends that representations be submitted at the earliest opportunity to allow the maximum time to negotiate an appropriate solution.

6. Exchange of Information

- 6.1 The Licensing Authority will work closely with the Gambling Commission, Lincolnshire Police and with Responsible Authorities where there is a need to exchange information on specific premises. The Licensing Authority will seek to establish a Protocol for the sharing of such information between the Licensing Authority, Gambling Commission and relevant Responsible Authorities. The protocol will target agreed problem and high-risk premises that require greater attention while providing a lighter touch in respect of well-run, low risk premises. This protocol will be kept under review and the Licensing Authority shall endeavour to meet with the Gambling Commission on a regular basis.
- 6.2 The principle that this Licensing Authority will apply when exchanging information will be to act in accordance with the provisions of the Gambling Act 2005 which includes the provision that the Data Protection Act 1998 will not be contravened. The Licensing Authority will also have regard to any Guidance issued by the Gambling Commission on this matter as well as any relevant regulations issued by the Secretary of State under the powers provided in the Gambling Act 2005.
- 6.3 Where relevant, information will be protected and the confidentiality of those making representations will be maintained. Information will be shared by means of e-mail, telephone or in writing between the Responsible Authorities and Gambling Commission.

Part B - Premises licences

1. General Principles

1.1 Premises Licences authorise the provision of gambling facilities on the following:

- Casino Premises
- Bingo Premises
- Betting Premises (including race tracks used by betting intermediaries)
- Adult Gaming Centres (AGCs)
- Family Entertainment Centres (FECs).

1.2 Except in the case of Tracks (where the occupier may not be the person offering gambling), Premises Licences will only be granted to those issued with an Operating Licence by the Gambling Commission.

1.3 Other forms of authorisations are as follows:

- Unlicensed Family Entertainment Centres (uFEC) Permits
- Prize Gaming Permits
- Licensed Premises Gaming Machine Permits
- Club Gaming Permits
- Club Gaming Machine Permits

1.4 Premises - For the purposes of the Gambling Act 2005, premises are defined as including 'any place'. Different premises licences cannot apply in respect of a single premise at different times. However, a single building could be subject to more than one Premises Licence provided they are for different parts of that building and the different parts of the building can be reasonably regarded as being different premises. Whether different parts of the building can properly be regarded as being separate premises will always be a question of fact. The location of the premises will clearly be an important consideration and the suitability of the division will be a matter for discussion between the operator and the Authority's Licensing Officer. However, the Gambling Commission does not consider that areas of a building that are artificially or temporarily separated (for example, by ropes or moveable partitions) can be properly regarded as different premises. The Licensing Authority will consider the definition of premises and where there are such concerns the Licensing Authority may address these through licence conditions. The Licensing Authority will, if necessary, respond to any further guidance by the Gambling Commission on this subject by way of a minor variation of this Policy.

1.5 This Licensing Authority takes particular note of the Gambling Commission's Guidance to Licensing Authorities which states that: 'Licensing authorities should take particular care in considering applications for multiple licences for a building and those relating to a discrete part of a building used for other (non-gambling) purposes. In particular they should be aware of the following:

- The third licensing objective seeks to protect children from being harmed by gambling. In practice that means not only preventing them from taking part in gambling, but also preventing them from being in close proximity to gambling. Therefore premises should be configured so that children are not invited to participate in, have accidental access to or closely observe gambling where they are prohibited from participating.
- Entrances to and exits from parts of a building covered by one or more premises licences should be separate and identifiable so that the separation of different premises is not compromised and people do not "drift" into a gambling area. In this context it should normally be possible to access the premises without going through another licensed premises or premises with a permit.

- Customers should be able to participate in the activity named on the premises licence.

The Guidance also gives a list of factors, which the Licensing Authority should be aware of, which may include:

- Do the premises have a separate registration for business rates?
- Is the premises' neighbouring premises owned by the same person or someone else?
- Can each of the premises be accessed from the street or a public passageway?
- Can the premises only be accessed from any other gambling premises?

This Authority will consider these and other relevant factors in making its decision, depending on all the circumstances of the case. When taking these matters into consideration the Authority notes that a large number of premises in the District are multipurpose seaside venues with more than one type of activity or gambling facility operating under one roof.

- 1.6 Premises “ready for gambling” - The Gambling Commission guidance to Licensing Authorities states that a licence to use premises for gambling should only be issued in relation to premises that the Licensing Authority can be satisfied are going to be ready to be used for gambling in the reasonably near future, consistent with the scale of building or alterations required before the premises are brought into use.

If the construction of a premises is unlikely to be completed for some considerable period of time, then in the opinion of this Authority an application for a provisional statement should be made instead of an application for a premises licence. This is also the case for a premises requiring significant alteration where that alteration is unlikely to be completed for some considerable period of time.

In deciding whether a premise licence can be granted where there are outstanding construction or alteration works at a premises, this Authority will determine applications on their own merits, applying a two stage consideration process:

- First, whether the premises ought to be permitted to be used for gambling.
- Second, whether appropriate conditions can be put in place to cater for the situation that the premises are not yet in the state in which they ought to be before gambling takes place.

Applicants should note that this Authority is entitled to decide that it is appropriate to grant a licence subject to conditions, but it is not obliged to grant such a licence. More

detailed examples of the circumstances in which such a licence may be granted can be found within the Gambling Commission guidance to Licensing Authorities.

Applicants are reminded that when applying for a premises licence they must have the right to occupy the premises. If the applicant does not yet have a right to occupy them, then an application for a provisional statement must be made instead.

- 1.7 Moral objections to gambling are invalid: It is appreciated that as per the Gambling Commission’s Guidance for local authorities “moral objections to gambling are not a valid reason to reject applications for premises licences” and also that unmet demand is not a criterion for a Licensing Authority.
- 1.8 Location - The Licensing Authority is aware that demand issues cannot be considered with regard to the location of premises but that considerations in terms of the licensing objectives can. As per the Gambling Commission’s guidance for local authorities, this authority will pay particular attention to the protection of children and vulnerable persons from being harmed or exploited by gambling, as well as issues of crime and disorder. With regard to these objectives upon receipt of any relevant representations this Authority will look at specific location issues including:
- the proximity of the premises to schools and vulnerable adult centres

- the proximity of the premises to residential areas where there may be a high concentration of families with children
- the size of the premises and the nature of the activities taking place

When considering the location of premises the Licensing Authority may take into consideration any restrictions on access to the premises.

This policy does not preclude any application being made and each application will be decided on its merits, with the onus upon the applicant showing how potential concerns can be overcome.

- 1.9 Duplication with other regulatory regimes - The Licensing Authority will seek to avoid any duplication with other statutory / regulatory systems where possible, including planning. The Authority will not consider whether a licence application is likely to be awarded planning permission or building regulations approval, in its consideration of it. It will though listen to, and consider carefully, any concerns about the imposition of licence conditions, which cannot be met by licensees due to planning restrictions, should such a situation arise.

- 1.10 Licensing objectives - Premises licences granted must be reasonably consistent with the licensing objectives. With regard to these objectives, the Licensing Authority has considered the Gambling Commission's guidance to local authorities and some comments are made below.

- 1.11 Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime - The Licensing Authority recognises it is the responsibility of the Gambling Commission when issuing Operating Licences to ensure the operator is a suitable applicant. However, if during the course of considering a Premises Licence application or at any other time, the Licensing Authority receives such information that causes it to question the suitability of the applicant, those concerns will be brought to the immediate attention of the Gambling Commission.

- 1.12 The Licensing Authority will consider the location of premises, particularly if such a premises is in an area where there was known to be organised crime. Where this is the case, the Licensing Authority in these circumstances would consider what controls, if any, would be appropriate to prevent such premises becoming a source of crime. In certain circumstances, the Licensing Authority may consider appropriate conditions to be attached to the Licence, such as Door Supervisors, CCTV, etc.

- 1.13 The Licensing Authority recognises that disorder and nuisance may be focused on premises and therefore recommends an applicant takes such controls as necessary to prevent such disorder and nuisance. Examples may include thought given to the way that gambling is conducted on the premises, siting of large pay out machines and levels of noise from public address systems that should ideally be sited at the back of the premises away from residential areas. Consideration, where relevant, will be given to the placing of appropriate conditions on the licence governing opening hours for betting shops in residential areas and other sensitive areas and in the case of disorder the use of Door Supervisors. Section 178 of the 2005 Act sets out the definition of 'Door Supervisor' and provides that where a person is employed in such a role is required to hold a licence issued by the Security Industry Authority (SIA), that requirement will have force as though it were a condition on the premises licence.
- 1.14 Where there are persistent levels of disorder, the Licensing Authority will liaise closely with the Gambling Commission to consider the suitability of the applicant as an operator. In addition, the Licensing Authority will strive to have a good working relationship with the Police in accordance with any protocol that is currently in place.
- 1.15 As there are no clear lines between nuisance and disorder, the Licensing Authority may seek legal advice when determining what action to take in circumstances in which disorder may be a factor. The Licensing Authority appreciates that disorder is intended to mean activity that is more serious and disruptive than mere nuisance, however, in determining this it will take into account the following factors:
- Whether the situation was serious enough to require Police or Ambulance assistance;
 - How threatening the behaviour was to those who could see or hear it.
- 1.16 Ensuring that gambling is conducted in a fair and open way - The Licensing Authority has noted that the Gambling Commission has stated that it would generally not expect Licensing Authorities to become concerned with ensuring that gambling is conducted in a fair and open way, as this will be addressed via operating and personal licences. The Authority will however familiarise itself with operator licence conditions and will communicate any concerns to the Gambling Commission about misleading advertising or any absence of required game rules or other information.
- 1.17 Generally, it is for the Gambling Commission to ensure this Licensing Objective is complied with, however, with regard to race tracks, the role of the Licensing Authority is more significant. The Licensing Authority, in certain circumstances, may seek to impose conditions to ensure that the environment in which betting takes place is suitable. The Licensing Authority may wish to know the nature of the venue, have sight of a plan of the track which would include access to the place where gambling is to take place, where the operators will conduct on course betting and whether or not there are any off course betting operators.

1.18 Protecting children and other vulnerable persons from being harmed or exploited by gambling - As children and young persons are prohibited from the great majority of gambling they must be prevented from entering adult only gaming environments. This Licensing Objective intends to prevent children and young persons from taking part in, or being in close proximity to, gambling. Restrictions are therefore necessary when advertising gambling products that are aimed at children or advertised in such a way that makes them attractive to children. The Licensing Authority will therefore consider whether or not specific measures are needed to protect children at particular premises. Such measures may include:

- staff training
- careful consideration of the siting of ATMs
- additional requirements to provide supervision at entrances
- steps taken to segregate gambling from non-gambling areas frequented by children
- the supervision of gaming machines in non-adult gambling specific premises in order to prevent children or vulnerable young persons from being harmed or exploited by gambling.

- Minimum staffing levels in adult only gambling premises
- Induction training for new staff and refresher training for existing staff
- Maintenance of a refusals register
- Proof of age schemes (e.g. Think 21)
- Third party test purchasing
- Location of entry to adult only gambling premises
- Infra Red Beam positioned across the entrance to the adult only gambling premises

These measures will be particularly relevant on mixed-use premises, and on tracks where children have freedom of movement in betting areas on race days. Other such measures may include:

- appropriate signage
- location of machines
- numbers of staff on duty
- not siting child orientated machines or facilities close to the entrance to adult gaming / betting facilities
- ensuring there is no accidental access to premises used for adult gambling

- 1.19 As regards 'vulnerable persons', it is noted that the Gambling Commission has not defined a 'vulnerable person' but states that it will assume that this group will include people who gamble more than they want to; people who gamble beyond their means; and people who may not be able to make informed or balanced decisions about gambling due to a mental impairment, alcohol or drugs. Whilst the Gambling Act does not prohibit vulnerable groups in the same manner as children and young persons, with regard to vulnerable people, the Licensing Authority will consider whether or not any measures have been taken to protect such a group. Any such considerations will be balanced against the Licensing Authority's aim to permit the use of premises for gambling; each application will be treated on its own merit.
- 1.20 With this Licensing Objective in mind, the Licensing Authority will take particular care when considering applications for more than one premises licence for a building and those relating to a discrete part of a building used for other non-gambling purposes, such as shopping malls. Where relevant, applicants will be expected to take measures to ensure young persons, and children are not in close proximity to gambling. Such measures may include siting machines at the back of a premises so as to ensure young children do not have sight of such machines, not advertising gambling so as to encourage children, not siting child orientated machines or facilities close to the entrance to adult gaming / betting facilities and ensuring there is no accidental access to observe or enter premises used for gambling.
- 1.21 In the absence of a definition of "direct access" between an Adult Gaming Centre and a Licensed Family Entertainment Centre or Unlicensed Family Entertainment Centre in the 2005 Act or Regulations, the Licensing Authority has identified a Statement of Principles within this Policy to be followed in decision-making. Should it be established that these Principles are inconsistent with the legislation (through statute or the Courts), the Licensing Authority reserves the right to amend this Statement of Principles as a minor policy change without further consultation.
- 1.22 The Licensing Authority recommends that measures are taken to ensure entrances and exits from parts of a building covered by one or more premises licences are separate and identifiable so that people do not drift into a gambling area in error. Such measures could include appropriate signage, physically separating Family Entertainment Centres and Adult Gaming Centres, and supervision of entrances.
- 1.23 The Licensing Authority will consider multiple licences carefully and applicants are recommended to configure these buildings carefully if they seek to develop multi purpose developments and in particular consider how they will protect children from being harmed by gambling as well as preventing children from being in close proximity to gambling. Applicants are also requested to consider entrances and exits from parts of the building covered by one or more licences. These exits and entrances should be separate and identifiable to ensure children do not 'drift' into a gambling area.

- 1.24 The Licensing Authority recommends that all staff are suitably trained and aware of the Gambling laws, social responsibility and statutory requirements related to age restrictions on gaming machines. Appropriate measures should be taken to prevent under age use of such machines, including clear and appropriate signage, an approved Proof of Age scheme (such as a Think 21 scheme) and a requirement for staff to be vigilant and aware at all times.
- 1.25 In relation to amusement arcades the Licensing Authority recognises BACTA's voluntary Code of Social Responsibility and Good Practice for Adult Gaming and Family Entertainment Centres. The Licensing Authority recommends that operators of Adult Gaming and Family Entertainment Centres consider the adoption of any areas of the Code that are not covered by any current mandatory Codes of Practice.
- 1.26 Conditions - Any conditions attached to licences will be proportionate and will be:
- Relevant to the need to make the proposed building suitable as a gambling facility;
 - Directly related to the premises and the type of licence applied for;
 - Fairly and reasonably related to the scale and type of premises; and
 - Reasonable in all other respects.
- 1.27 Decisions upon individual conditions will be made on a case-by-case basis. The Licensing Authority will expect the applicant to offer his/her own suggestions as to the way in which the Licensing Objectives can be achieved. The Licensing Authority may, however, exclude a condition and substitute it with one that is either more or less restrictive. In this instance the Licensing Authority will give clear and regulatory reasons for so doing.
- 1.28 Applicants are advised that any applications to amend default licence conditions will not be dealt with by Officers acting under delegated powers. A Licensing Sub-Committee hearing will consider such applications. The Licensing Authority is aware that one issue likely to be raised in relation to default conditions is the hours the premises may be open in order to provide gambling or betting facilities (for example a betting premises). The Authority will only exclude default conditions and replace the same with less rigid conditions when there are clear and identifiable reasons for doing so.
- 1.29 Where an operator breaches the licence conditions, initially a warning will be given to correct the breaches. If following such warning or warnings, a breach or breaches occur the Licensing Authority will seek to review the Premises Licence.

- 1.30 Door Supervisors - If there are concerns that premises may attract disorder or be subject to unauthorised access by children and young persons, then the Licensing Authority may require that Door Supervisors control entrances to the premises. The Licensing Authority recognises that each premises application shall be treated on its own merit. In addition, the Licensing Authority shall take into account the previous trading history of the type of premises proposed and that any decision shall be necessary and proportionate.
- 1.31 Where door supervisors are imposed as a condition on a Premises Licence, then Section 178 of the 2005 Act provides that the persons(s) employed in the door supervisor role must hold a licence issued by the SIA (if the relevant section of the Private Security Industry Act 2001 requires him to do so) and such a requirement for SIA licensing will automatically become a condition of the gambling premises licence. However, in relation to casinos and bingo premises this requirement for SIA licensing will only relate to contract staff and not the casino or bingo premises in-house staff (see paragraph 1.32 below).
- 1.32 It is noted that in-house staff acting as door supervisors at casinos or bingo premises are not required to be licensed by the SIA. However, this Authority recommends that where in-house staff acting as door supervisors are provided at these premises the operator should ensure that any persons employed in this capacity are fit and proper to carry out such duties. Possible ways to achieve this could be to carry out a Criminal Records (CRB or DBS) Check on potential staff and for such personnel to have attended industry recognised training.

2. Adult Gaming Centres

- 2.1 As no one under the age of 18 is permitted to enter an Adult Gaming Centre, the Licensing Authority will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to consider their own measures to meet the Licensing Objectives and comply with all mandatory conditions and Gambling Commission Codes of Practice. However, appropriate measures may cover issues such as:

- Proof of Age schemes
- CCTV
- Door Supervisors
- Supervision of entrances / machine areas
- Statutory requirement in relation to the display of GamCare stickers
- Physical separation of areas
- Location of entry
- Minimum staffing levels
- Induction training for new staff and refresher training for existing staff
- Refusals register
- Proof of age schemes (e.g. Think 21)
- Third party test purchasing

- Location of entry to premises
- Infra Red Beam positioned across the entrance to the premises
- Notices / Signage
- Specific Opening Hours
- Self-exclusion schemes
- Provision of information leaflets/helpline numbers for organisations such as GamCare

2.1(a) With regard to vulnerable persons, the Licensing Authority will consider measures such as the use of self barring schemes and the provision of information leaflets / help line numbers for organisations such as GamCare, as appropriate measures.

2.2 The list, however, is not mandatory, nor exhaustive and applicants are recommended to consider this Licensing Objective very carefully when applying for an Adult Gaming Centre Premises Licence.

2.3 Where the Adult Gaming Centre is situated in a complex, the Licensing Authority will pay particular attention to the location of entry so as to minimise opportunities for children gaining access. In particular the Licensing Authority will not look favourably on situations where child orientated machines or facilities are sited close to the entrance to an Adult Gaming Centre.

3. Licensed Family Entertainment Centres (FECs)

3.1 Children and young persons may enter Licensed FECs but are not permitted to play Category C machines. The Licensing Authority will expect the applicant to ensure that there will be sufficient measures to prevent under 18 year olds having access to the adult only gaming machine areas. The Licensing Authority will expect applicants to meet the Licensing Objectives and comply with all mandatory conditions and Codes of Practice issued by the Gambling Commission. However, appropriate measures may cover issues such as:

- Proof of Age schemes
- CCTV, specifically sited where the adult machines are likely to be situated
- Door supervisors
- Controlled supervision of entrance and machine areas
- Location of entry
- Statutory requirement in relation to the display of GamCare stickers

- Physical segregation of machines and areas
- Appropriate Notices and signage
- Specific Opening Hours
- Self-exclusion schemes
- Measures / training for staff on how to deal with suspected truant school children on the premises
- Provision of information leaflets/helpline numbers for organisations such as GamCare
- Minimum staffing levels
- Induction training for new staff and refresher training for existing staff
- Refusals register
- Proof of age schemes (e.g. Think 21)
- Third party test purchasing
- Location of entry to premises
- Infra Red Beam positioned across the entrance to the premises

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

- 3.2 With regard to vulnerable persons, the Licensing Authority will consider measures such as the use of self barring schemes, provision of information leaflets / help line numbers for organisations such as GamCare as appropriate measures.
- 3.3 With regard to segregation of Category C machines in licensed FECs, there is a requirement that there must be clear segregation between the two types of machine so that children do not have access to Category C machines. All Category C machines must be located in an area of the premises separate from the remainder of the premises by a physical barrier, which is effective to prevent access other than through a designated entrance. The Licensing Authority will seek to ensure that:
 - only adults are admitted to the area where the machines are located;
 - access to the area where the machines are located is supervised;
 - the area where the machines are located is arranged so that it can be observed by staff of the operator or the licence holder; and
 - at the entrance to, and inside any such area there are prominently displayed notices indicating that access to the area is prohibited to persons under 18.

Statement of Principles relating to Direct Access between AGCs and Licensed FECs/Unlicensed FECs

3.4 In the absence of a definition of “direct access”, the Licensing Authority will take a pragmatic approach and sets out below its principles governing access between Adult Gaming Centres and Licensed/Unlicensed Family Entertainment Centres.

3.5 The following standards shall normally be adopted:

- All partitions between premises shall be permanently fixed (and not something which is transient or easily moveable). Any divide between premises must be real and effective. The divide will need to be of a fixed and substantial nature and not something that is transient and superficial.
- No part of any partition shall be formed from any part of a gaming or skills with prizes machine or any other type of machine.
- Partitions between premises shall normally be a minimum height of 2 metres.
- Access for customers between licensed areas may be by way of an artificially formed unlicensed area, e.g. lobby or unlicensed area, which the public visit for a purpose other than gambling.

- Barriers or divides may also be required to designate the extent of an unlicensed area between premises and in some instances (given the layout of the site) the Licensing Authority will be happy to accept a waist high barrier (e.g. 1.1 to 1.4 metres in height) as the designation.

- Entrances to the AGC will be monitored in accordance with the mandatory conditions.

- In all cases the applicant must consider the third Licensing Objective and ensure children and vulnerable persons do not have access to adult premises.

- In all cases the applicant must ensure that children and young people are not enticed or encouraged into adult only areas.

- The applicant must ensure that child related machines or facilities are not placed abutting or in the vicinity of adult gaming areas.

3.6 Notwithstanding the above steps, the Licensing Authority recognises that the definition of “separation” and “direct access” may be subject to further legal definition through statute or the courts. The Licensing Authority therefore reserves the right to alter this Statement of Principles to ensure compliance with the law as a minor policy change

without further consultation. The Licensing Authority is aware of the possibility that as a result of amended guidance from the Gambling Commission or clarification of statute by the Courts the separation of existing individual premises in the East Lindsey District may be deemed to be unacceptable or outside the spirit of the legislation or guidance. In the event of this happening at any time the Licensing Authority will work with premises with the aim of ultimately achieving compliance with any amended requirements.

- 3.7 In working with operators our normal position will be that if the AGC premises licence is being varied or transferred at any time then we will normally look to the layout of the site being changed in order to achieve compliance with the spirit of the Gambling Commission guidance on split premises.

However, we will balance this stance with (and take into consideration) the risk the specific layout of the premises at hand poses to the licensing objectives, with particular emphasis on the protecting children from being harmed or exploited by gambling objective. In addition, we will bear in mind the scale of alterations required in order to achieve compliance with the spirit of the Gambling Commission guidance.

4. Casinos

- 4.1 In March 2006 East Lindsey District Council submitted a proposal for a small casino to the Casino Advisory Panel. On 15 May 2008 the Categories of Casino Regulation 2008 and the Gambling (Geographical Distribution of Large and Small Casino Premises Licences) Order 2008 were approved. This specified which Licensing Authorities could issue premises licences for both large and small casinos. East Lindsey District Council was one of the Licensing Authorities that was authorised to issue a small Casino Premises Licence.
- 4.2 The family resorts of East Lindsey's Coast were an icon of post-war culture and enjoyed great economic success, but although there is currently a resurgence in domestic tourism (the East Lindsey coast attracts over six million visitors a year), the historic decline of seaside tourism has led to some of England's most severe deprivation being located in East Lindsey. The isolation of the coastal communities also means that residents are unable to access the learning and employment opportunities available to people in the deprived urban areas. East Lindsey District Council's bid for a small casino premises licence was based upon the Council's vision of a casino as the means to deliver iconic regeneration in an area of significant socio-economic deprivation, revitalise economic prosperity through the creation of sustainable jobs, enhance the leisure offer of the District's coastal strip through the development of complimentary year round

leisure activities, and, away from any current casino provision, develop a casino which does not detract from the family resort character of East Lindsey's coastal strip.

- 4.3 On 26 February 2008 the Secretary of State issued the Code of Practice on Determinations relating to large and small Casinos. The Licensing Authority will comply with this Code, which sets out:
- (a) the procedure to be followed in making any determinations required under Paragraphs 4 and 5 of Schedule 9 to the Gambling Act 2005; and
 - (b) matters to which the Licensing Authority should have regard in making those determinations.
- 4.4 The Licensing Authority is aware that there are likely to be a number of operators who will want to apply for a casino in the District. In such situations, the Licensing Authority will stage a 'competition' under Schedule 9 of the Gambling Act 2005 and will run such a competition in line with The Gambling (Inviting Competing Applications for Large and Small Casino Premises Licences) Regulations 2008 and Code of Practice and DCMS Code of Practice issued by the Secretary of State.
- 4.5 In accordance with the above regulations the Licensing Authority will publish an invitation calling for applications for the small Casino Premises Licence.

- 4.6 Where the Licensing Authority receives more than one application for a Casino Premises Licence and/or Provisional Statement, there will be a two-stage application process in accordance with the Code of Practice issued by the Secretary of State.
- 4.7 Although all applications will be considered on their merits, the Council's provisional view is that the proposed casino licence should be allocated to a development within the East Lindsey Coastal Action Zone because of the urgent need for regeneration in this part of the East Lindsey District. A plan showing the extent of Coastal Action Zone is attached at Appendix 3 to this Policy.
- 4.8 No Casinos Resolution - This Licensing Authority has not passed a "No Casino" resolution under Section 166 of the Gambling Act 2005, but is aware that it has the power to do so. Should this Licensing Authority decide in the future to pass such a resolution, it will update this policy statement with details of that resolution. Any such decision will be made by the Full Council (the decision to pass such a resolution cannot be delegated to the Licensing Committee). Any resolution must apply to casino premises generally, so that the Authority cannot limit its effect to geographic areas or categories of casinos.

N.B. A no casino resolution is a judgement made by a Local Authority that it will not allow any small, large or regional casino to be located in its authority area. The effect of a resolution would be not to issue a casino licence in the East Lindsey District.

Small Casino Premises Licence - General Principles

- 4.9 Although an application for a Casino Premises licence may be made at any time the Licensing Authority is not bound to consider any such applications until an invitation has been published and the closing date for the submission of applications has passed.
- 4.10 The Licensing Authority recognises that applicants may either apply for a full Casino Premises Licence or alternatively a Provisional Statement. Applicants for full Premises Licences however must fulfil certain criteria in that they must:
- (a) hold or have applied for an Operating Licence from the Gambling Commission;
 - (b) have the right to occupy the proposed site of the Casino.
- 4.11 The licensing process falls into two stages. At Stage 1, applications will be considered against the regulatory test in Section 153 of the Gambling Act 2005. If more than one proposal meets the test, the successful proposals will pass to Stage 2. The Council will expect the applicant at Stage 2 of the application process (see below under the heading Small Casino Premises Licence Application - Stage 2) to set out and demonstrate the deliverable benefit that their casino will bring to the residents of the District, the contribution it will make to the well being of the area, and the steps it will take to minimise and mitigate any disadvantages.
- 4.12 The Council will decide between the competing applications and grant the available licence to the applicant that it considers will bring the greatest benefit to the East Lindsey District. Stage 2 of the competition will be judged on a wide range of issues relating to the regeneration of the District and the need to revitalise economic prosperity. The principles which the Authority will use to judge which proposal is likely to result in the greatest benefit to the District can be found in Part 4 paragraphs 4.31 to 4.36 of this Policy.
- 4.13 In making any decision in respect of an application, the Licensing Authority shall not take into account whether or not an applicant is likely to obtain planning permission or building regulation approval and any decision shall not constrain any later decision by the Authority under the law relating to planning or building. Any conditions or agreements attached to any planning consents will fall outside of the licensing process.
- 4.14 The Licensing Authority will not consider unmet demand when considering applications for casino premises licences and each application will be taken on its own merit.
- 4.15 In making a decision on both stages the Licensing Authority will take heed of any Codes of Practice and Regulations issued by the Secretary of State, DCMS and Gambling Commission.

Small Casino Premises Licence Application - Stage 1

- 4.16 At Stage 1 of the procedure, the Licensing Authority will consider each application separately on its own merit with no comparison being made to the other applications received.
- 4.17 At this stage the Licensing Authority cannot accept any additional information other than the prescribed application form laid down in The Gambling Act 2005 (Premises Licences and Provisional Statements) (England and Wales) Regulations 2007. All such additional information will be disregarded and returned to the applicant.
- 4.18 The Licensing Authority will provide an application pack, which will include a statement of the procedure the Licensing Authority proposes to follow in assessing applications for Casino Premises Licences.
- 4.19 With regard to Stage 1, the General Principles as stated in 'Part B - Premises Licences' of the Licensing Authority's Gambling Policy shall apply to all casino applications.
- 4.20 The Licensing Authority recognises that each of the other competing applicants is an 'interested party' in relation to the others and may make representations. The term 'interested party' is defined in Part A of the Licensing Authority's Gambling Policy. Each representation will be considered carefully to ensure they meet the principles set within the Gambling Policy.

- 4.21 It is recognised that the Licensing Authority's decision may be the subject of an appeal, in which case the Licensing Authority will not proceed to Stage 2 until all appeals have been dealt with.
- 4.22 If more than one application for a Premises Licence results in a decision to grant a Premises Licence, Stage 2 of the licensing procedure will be implemented.
- 4.23 Where a Provisional Statement application is successful, the Licensing Authority may limit the period of time for which the Statement will have effect. This period may be extended if the applicant so applies.

Small Casino Premises Licence Application - Stage 2

- 4.24 Stage 2 of the 'small casino premises licence process' cannot be commenced until Stage 1 has been completed and all applications determined, including the conclusion of any and all appeals.
- 4.25 At Stage 2, the applicant will be required to state and demonstrate what ultimate benefit they can bring to the residents of the East Lindsey District and how they can contribute to the well being of the area.
- 4.26 The Licensing Authority will decide between the competing applications and grant the available licence to the applicant that it considers in its

opinion will result in the greatest benefit to the East Lindsey District. The competition will be judged on a wide range of issues, reflecting the issues that are important in the East Lindsey District, local concerns and local priorities.

- 4.27 Further explanation of the proposed evaluation process will be enclosed in the Application Pack that will be sent to applicants.
- 4.28 The Licensing Authority may during the second stage engage in discussions or negotiations with each second stage applicant with a view to the application being refined, expanded or altered so as to maximise the benefits to the area. Furthermore, the Licensing Authority may enter into a written agreement with an applicant and may take such agreement into account in determining which application would result in the greatest benefit to the District. The Licensing Authority may attach conditions to the casino premises licence to give effect to this agreement. The Licensing Authority may have regard to the effect of any agreement so entered into in making the determination on the competing applications.
- 4.29 As detailed in Part B - Paragraph 4.7 of this Policy the Licensing Authority's preferred location for the casino is the Coastal Action Zone as shown on the plan attached at Appendix 3.
- 4.30 With regard to the Local Authority's preferred location of the Casino, although applicants are able to submit plans for any site within the District which will be judged on their own individual merits, the Licensing Authority is provisionally of the view that the locations likely to bring the greatest benefit to the District is that detailed in Part B - Paragraph 4.7 above.

Principles to be used to judge which proposal is likely to result in the greatest benefit to the area of East Lindsey.

- 4.31 The following are the principles which will be used by the Licensing Authority to judge which proposal is likely to result in the greatest benefit to the area of East Lindsey and therefore, these are the matters to which applicants will be expected to address their Stage 2 application:
 - (a) How the proposals will directly assist with local economic benefit and regeneration, sustainable job creation, enhance existing tourism, training and youth unemployment; especially with regard to non-gambling related jobs and all year rather than seasonal employment.
 - (b) How the proposal will deal with health and social responsibility, linking with local health care providers, including problem gambling, protection of children and vulnerable persons; whether in the casino or in the wider community.
 - (c) The provision that is made within the application for preventing gambling from becoming a source of crime and disorder, being associated with crime and disorder or being associated with crime and disorder.
 - (d) The proposed location of the small casino premises development and other facilities, and how the selected site(s) along with the design and architecture, will regenerate the surrounding area as well as meeting the highest energy and environmental standards.

- (e) How the proposal will improve the environment with improved public realm, tackling poor buildings or the provision of new or repairing existing infrastructure, as well as enhancing the local environmental quality in the immediate vicinity of the development and on arterial routes to the venue.
- (f) The provision of a marketing policy, which explains how, the development will promote East Lindsey, in line with East Lindsey District Council's wish to improve the quality and image of the area to increase visitor numbers and visitor spend.
- (g) Proposed contributions towards community schemes, such as the local community, the voluntary sector and youth facilities.
- (h) Proposed contributions towards all year round arts and culture provision and recreational facilities for visitors and residents.
- (i) How the proposals will assess the social, economic and physical impact of the development and the commitment thereafter to mitigate any potential adverse effects
- (j) Proposals regarding day/night access and travel arrangements to and from the small casino taking into consideration staff and customer travel requirements.
- (k) What financial contribution will accompany the application and what will be the purpose of the contribution, and the form that this contribution will take.
- (l) The Licensing Authority wish to see lasting, tangible and visible public benefits arising from a casino development. Facilities or capital or revenue should not impose future costs or a revenue tail on the community.
- (m) All applicants should address the Council's ambitions for East Lindsey contained in the Council's Corporate Strategy (see paragraph 4.36 below) when considering their stage 2 applications.
- (n) With regard to the Local Authority's preferred location of the Casino, although applicants are able to submit plans for any site within the District which will be judged on their own individual merits, the Licensing Authority is provisionally of the view that the location likely to bring the greatest benefit to the District is the Coastal Action Zone as shown on the plan attached at Appendix 3 of this Policy.

- 4.32 In line with Part 4 paragraph 4.28 of this Policy applicants are reminded that the Licensing Authority may have regard to the effect of any agreement in making the determination on the competing applications.
- 4.33 The Stage 2 applicant will be expected to submit the following information to the Licensing Authority:
- (a) Submission of a clear and detailed Business Plan supported by a signed copy of the pro forma agreement included in the Application Pack, committing the applicant (in the event that he is granted a licence) to the scheme that he has put forward, including the community benefit of the proposal.
 - (b) A timescale for implementation and completion of the works setting out the various project stages of construction. This is to enable the Licensing Authority to be kept informed of when the project is likely to be completed and that the applicant is on target for final completion.
 - (c) Evidence that there will ongoing consultation with Statutory Bodies and Responsible Authorities to ensure that all statutory requirements are in place.
 - (d) A scaled plan of the premises indicating the location of all gaming machines, tables and automated telling machines (ATMs), bars and any non-gaming areas, together with an indication of any notices/rules that will be displayed in the gaming area.
 - (e) Detailed numbers of all staff and personal licence holders to be employed, together with a clear management structure.
 - (f) Description of all activities carried on at the premises, including any proposals for the provision of late night refreshment and regulated entertainment. With regard to late night refreshment, the Licensing Authority would wish to have sight of the menu to ensure substantial refreshment and not just bar snacks will be provided.
 - (g) An analysis of the sustainability of the proposed location of the casino, taking into account transport accessibility.
 - (h) An indication of the availability of the site chosen, including any matter that may impact on any time restraint that may affect the delivery of the proposal.
 - (i) Evidence of availability of funding and an estimated cost of the scheme.
 - (j) Evidence of financial standing including submission of the applicant's last 3-year financial accounts, together with 2 financial references confirming that there is sufficient finance in place to ensure delivery of the project.
 - (k) Two professional references to evidence that the applicant has proven ability and track record within the casino gambling sector.
 - (l) Evidence of ongoing consultation with Lincolnshire Police in particular with the Crime Reduction Partnership Group in the development and evaluation of scheme proposals to promote the prevention of crime and disorder Licensing Act 2003 licensing objective.

Proposals shall include for example:

- CCTV;
- Security procedures and relevant policies;
- Door supervisors;
- External and internal lighting; and
- Proposals to ensure that where possible opportunities for crime are designed out at an early stage.

Lincolnshire Police will expect the Operator to take responsibility for his own security issues.

- (m) Evidence of a robust training plan in place for all employees. Training to cover all matters including awareness of the three Licensing Objectives, in particular the third Licensing Objective, knowledge of the gambling legislation, an awareness of problem gambling and all relevant internal procedures. In addition, applicants are required as part of their training plan to evidence customer service training and a knowledge of the local area.
- (n) The applicant will be expected to provide a premises logbook recording all training undertaken and this should be signed appropriately by the recipient to acknowledge training was given and understood. All training should be ongoing and based on a two-tier system. This system should demonstrate that staff are trained to their level

of responsibility with senior staff trained to a higher level to ensure that they can effectively apply procedures and respond appropriately to any consumer requesting information, or assistance.

- (o) The applicant should evidence clearly how he intends to promote the three licensing objectives. He should also show evidence of policies and procedures proposed to protect children and vulnerable persons from harm. The definition of 'vulnerable persons' can be found in Part B of the Licensing Authority's gambling policy.
- (p) A policy detailing the mechanisms enabling the applicant to identify problem gamblers. This policy should be incorporated within the training plan for all employees. The policy is likely to set out how advice and support will be provided to those engaged in or affected by problem gambling.
- (q) A policy detailing commitment to educating the community on gambling and problem gambling.
- (r) An admissions policy incorporating procedures for door supervisors to manage the entry of individuals affected by alcohol or other substance abuse, under age persons and any dress code.

- (s) Confirmation that all gambling advice will be available in languages other than English to cater for regular customers who may not have sufficient command of written English.
- (t) A social responsibility policy and casino rules for each gambling activity on offer. In addition, the applicant shall provide within the gaming area a designated, staffed practice area/room that enables any customer to learn how to gamble on the various activities offered without feeling intimidated or embarrassed. Where there is a practice room there shall be information provided that emphasises the importance of staying in control of their gambling, the steps they can take to achieve this and where to access help should they become concerned about their gambling. There should be leaflets and information clearly displayed setting out these points in the practice area/room.
- (u) An indication on the plan where the separate non-gambling refuge area of the premises is located. This area should provide a refuge from gambling and should be by way of a non threatening sound proofed quiet room that is always available for those concerned about their own or someone else's gambling. Within this room there should be installed the facility to telephone the national helpline, access an online counselling facility or contact a local face-to-face counselling service or GamCare. Leaflets with contact addresses and telephone numbers should be

prominently displayed within this room. This is in addition to any information displayed in other non-gambling areas such as toilet or hospitality areas.

- (v) Detailed information on the following matters:

- How many new jobs the casino will create and its employment policy with regard to local recruitment;
- The sustainable training policy it intends to promote with regard to training of local employees into the casino market;
- Any policy on local service providers, such as local architects, designers, contractors and suppliers when constructing the casino;
- Policy on suppliers for the casino itself to be sourced from small and medium sized businesses, including local businesses;
- What other partnership and local communities it proposes to use.

With regard to employment the Licensing Authority would wish to see the provision of full time non-seasonal employment. However if it is envisaged that any of the new jobs will be part time and/or seasonal then the percentage of jobs that will be part time and/or seasonal should be reflected in the application. The application should also indicate at what level within the organisation the part time and/or seasonal jobs would be situated.

- 4.34 In summary the Licensing Authority will expect applicants to present a detailed package that will detail the maximum benefit of the scheme to the District. It is expected that the applicant will have undergone detailed research and liaised with the relevant Departments of East Lindsey District Council and other relevant bodies prior to submission of the application.

The weighting the Licensing Authority intends to apply to each of the above principles at Stage 2 of the Casino process will be publicly consulted upon prior to it being formally adopted by the Authority as an addendum to this Policy. The weighting will need to be adopted and made available to applicants as part of the licence application pack.

- 4.35 The Licensing Authority has set out in this Policy the matters which it will take into account in judging the competing applications at Stage 2 of the 'small casino premises licence process' and which are likely to receive the greatest weight in the evaluation process, but an operator is not debarred from putting forward other benefits which the Licensing Authority will take into consideration and weigh to the extent it considers them relevant. Applicants are encouraged to examine the opportunities currently presented by the East Lindsey District and apply their own expertise and creativity in compiling their submission.

East Lindsey District Council's Corporate Strategy 2014 - 2018

- 4.36 The East Lindsey District Council's Corporate Strategy 2014 to 2018 lays down the Council's Principles and Objectives. The principles and objectives can be summarised as follows:

Through working with all our partners we strive to achieve an improved quality of life for all in East Lindsey by having:

- A healthy economy across the district with a skilled workforce that has access to a range of job opportunities
- A variety of thriving and attractive town centres
- Residents who have a choice of good quality homes whatever their age and income, in a district that is clean, safe and attractive
- Resilient and self-sufficient communities that respect and support each other
- Inequalities reduced through focused attention on the groups and communities that need extra help and access to good quality health services
- A countryside and coast valued by residents and visitors with good quality leisure and cultural provision that promotes wellbeing and attracts visitors

In working to realise this vision the Council will focus on three themes:

- Proud of our People
- Proud of our Places
- Proud of our Performance

A copy of the summary of the Corporate Strategy for 2014 - 2018 is available on the Council's website (www.e-lindsey.gov.uk).

Small Casino Premises Licence Application - Advisory Panel

- 4.37 The 'small casino premises licence process' will follow the DCMS Code of Practice; however, the Code of Practice leaves individual authorities to determine the detail of their own procedure. Therefore, (because it is recognised that the Licensing Authority does not necessarily have all the relevant expertise), the Licensing Authority might need to seek advice on an applicant's proposal from Officers in other relevant Council Departments; for example Planning, Finance, Regeneration and Legal. The Licensing Authority may also need to solicit independent expertise and advice from sources outside of the Council. For this purpose, the Licensing Authority intends to constitute a non-statutory panel to assist in the evaluation of the Stage 2 application process. This panel shall be called the 'Advisory Panel'.
- 4.38 It is accepted that only the Licensing Authority will make the final decision on the successful applicant. The function of the Advisory Panel will be to evaluate the applications for the benefit of the Licensing Committee or Sub-Committee. The Advisory Panel will not be a decision-making body and while the Licensing Committee or Sub-Committee will take the Advisory Panel's evaluations into account, with regard to the 'small casino premises licence process', it is not bound to follow them.
- 4.39 Members of the Advisory Panel will comprise of carefully selected individuals who are not biased and whose personal interests would not compromise their independence. It will be for the Local Authority to determine the membership of the Advisory Panel.
- 4.40 A schedule detailing the Advisory Panel members and the Panel's terms of reference will be included in the Application Pack. The terms of reference will include further details of the functions of the Advisory Panel and the procedures of the evaluation process, in order to ensure fairness and transparency to all applicants.
- 4.41 To ensure that there is fairness and transparency; applicants will be asked if they wish to object to any Member of the Advisory Panel. Should an applicant wish to raise any objection to a Member of the Advisory Panel; then:
- a) A formal objection must be served upon the Local Authority within 10 working days of the applicant requesting an Application Pack.

- b) The objection must clearly indicate the grounds upon which the objection is being made.
- c) It will be for the Local Authority to determine the validity of any objection and to determine if any member of the Advisory Panel should be replaced on the basis of the objection(s) raised.

(The strict time constraints detailed at section (a) above, are to ensure that in the event of an Advisory Panel Member being replaced as a result of an applicants' objection, all applicants can be given due notice and opportunity to object to any 'Replacement' Advisory Panel Member(s); and to prevent the potential frustration of the procedure in the latter stages of the 'small casino premises licence'.

Objections raises 'out of time' will only be considered if the applicant can satisfy the Local Authority, that the objection could not reasonably have been made within the stipulated period for objections).

- 4.42 It is important that the small casino premises licence application includes all documents and paperwork in support of the proposals, (hereinafter referred to as the 'bid documentation'). Once all the bid documentation has been submitted, the Advisory Panel will carry out a preliminary evaluation of each application. Following the preliminary evaluation, Officers of East Lindsey District Council may liaise

with applicants with a view to the application being refined, supplemented or altered so as to maximise the greatest benefit to the East Lindsey area.

- 4.43 Once the bid documentation is finalised, the Advisory Panel will evaluate each bid and the bids will be scored within definitive bands determined by the Local Authority. Once assessed, the Advisory Panel's draft evaluation report on each application will be sent to the applicant, in order to enable the relevant applicant to identify and address any factual errors that may have occurred. Thereafter no additional information may be submitted by the applicant, but any agreed factual errors will be amended.
- 4.44 Following the decision of the Licensing Authority the unsuccessful applicant(s) will be informed of the result and reasons for rejection as soon as is reasonably practicable. It is noted that once a decision has been made there will be no right of an appeal.

5. Bingo premises

5.1 In accordance with the Gambling Commission's Guidance, the Licensing Authority recognises that it is important that if children are allowed to enter premises licensed for bingo that they do not participate in gambling, other than on Category D machines. Where Category C or above machines are available in the bingo premises to which children are admitted, the Licensing Authority will seek to ensure that:

- all such machines are located in an area of the premises separate from the remainder of the premises by a physical barrier which is effective to prevent access other than through a designated entrance;
- only adults are admitted to the area where the machines are located;
- access to the area where the machines are located is supervised;
- the area where the machines are located is arranged so that it can be observed by staff of the operator or the licence holder; and
- at the entrance to, and inside any such area there are prominently displayed notices indicating that access to the area is prohibited to persons under 18.

5.2 The Gambling Commission has issued Codes of Practice relating to Bingo premises and the Licensing Authority expects all applicants to comply with these codes. The Licensing Authority will not look favourably upon an

application where an applicant seeks a Bingo Premises Licence with the sole intention of placing Category B2 Gaming Machines only in the premises with no provision for facilities for bingo, as this is not considered to be in the spirit of the Act. This is referred to in more detail in the Gaming Machines section of this Policy Statement. Applicants and premises licence holders are reminded of the Gambling Commission's operator licence conditions requiring that bingo is provided as the primary activity in any premises that hold or apply for a bingo premises licence.

- 5.3 Where bingo is permitted in alcohol-licensed premises, this must be low turnover bingo only and applicants are expected to comply with any Codes of Practice and advice issued by the Gambling Commission. High turnover bingo will require a Bingo Operating Licence. Definitions of low and high turnover bingo are available by contacting the Licensing Team or by referring to the Gambling Commission's website.
- 5.4 With regard to turnover, where the Licensing Authority is suspicious that a licensee or club exceeds the turnover in the required 7-day period, the Licensing Authority will inform the Gambling Commission accordingly.
- 5.5 The Licensing Authority will take into account any additional guidance issued by the Gambling Commission in relation to the suitability and layout of bingo premises.

6. Betting premises

- 6.1 The Licensing Authority is responsible for issuing and monitoring Premises Licences for all betting premises and children will not be permitted entry to a premise with a Betting Premises Licence. They may, however, be permitted entry to tracks and special rules will apply. In addition, the Licensing Authority recommends that an applicant for gaming machines in such premises consider carefully the location of betting machines to ensure that they are not in sight of the entrance to the premises.
- 6.2 While the Licensing Authority has discretion as to the number, nature and circumstances of use of betting machines, there is no evidence that such machines give rise to regulatory concerns. The Licensing Authority will consider limiting the number of machines only where there is clear evidence that such machines have been, or are likely to be, used in breach of the Licensing Objectives. Where there is such evidence, the Licensing Authority may consider, when reviewing the licence, the ability of staff to monitor the use of such machines from the counter. When considering whether or not to impose such a condition the Licensing Authority will take into account the following:
- The size of the premises;
 - The number of counter positions available for person to person transactions; and
 - The ability of staff to monitor the use of the machines by children and young or vulnerable persons.
- 6.3 The Licensing Authority will not look favourably upon an application where an applicant seeks a Betting Premises Licence with the sole intention of placing Category B2 Gaming Machines only in the premises with no provision for facilities for betting, as this is not considered to be in the spirit of the Act. This is referred to in more detail earlier in the Policy in connection with Bingo premises and in the Gaming Machines section of this Policy Statement. Applicants and premises licence holders are reminded of the Gambling Commission's operator licence conditions requiring that counter betting facilities are provided as the primary activity in any premises that hold or apply for a betting premises licence.
- 6.4 The Licensing Authority will expect applicants to meet the Licensing Objectives and comply with all mandatory conditions and Codes of Practice issued by the Gambling Commission. In determining whether an application meets the aforementioned criteria the Licensing Authority

may give consideration as to whether appropriate measures are or will be in place to address the matters listed below:

- Minimum staffing levels
- Induction training for new staff and refresher training for existing staff
- Refusals register
- Proof of age schemes (e.g. Think 21)
- Provision of CCTV
- Entry control system
- Supervision of entrances/ machine areas
- Self-barring schemes
- Provision of information leaflets / helpline numbers for organisations such as GamCare

This list is not exhaustive and is merely indicative of examples measures. The Licensing Authority will expect applicants to offer their own measures to meet the licensing objectives.

7. Tracks

- 7.1 There are currently no tracks operating in the East Lindsey District, however this Statement of Principles contains provision for the event of such a premise.
- 7.2 The Licensing Authority recognise that tracks are different from other premises in that there may be more than one Premises Licence in effect and that the track operator may not be required to hold an Operators Licence as there may be several premises licence holders at the track who will need to hold their own operator licences. As children and young persons will be permitted to enter track areas where facilities for betting are provided (e.g. dog racing and/or horse racing), the Licensing Authority will expect premises licence applicants to demonstrate suitable measures to ensure that children do not have access to adult only gaming facilities. The Licensing Authority will expect applicants to consider their own measures to meet the Licensing Objectives, however, appropriate measures may cover issues such as:
 - Proof of Age schemes
 - CCTV
 - Door supervisors
 - Supervision of entrances/exits/machine areas
 - Physical separation of areas

- Notices / signage
- Specific Opening Hours
- Location of entry and gaming machines
- Provision of information leaflets/helpline numbers for organisations such as GamCare.

This list is not mandatory, nor exhaustive and is merely indicative of example measures.

- 7.3 The Licensing Authority will consider on its own merit applications for venues such as athletics tracks or sports stadium for track betting licences to cover the whole track.
- 7.4 Where appropriate, in order for the Licensing Authority to gain a proper understanding of what it is being asked to licence, applicants will be required to:
- Provide a detailed plan of the grounds indicating where the betting is to take place and the location of the race track;
 - In the case of dog tracks and horse racecourses, indicate the location of any fixed and mobile pool betting facilities operated by the Tote or track operator as well as any other proposed gambling facilities;
 - Evidence measures taken to ensure the third Licensing Objective will be complied with;

- Indicate what arrangements are being proposed for the administration of the betting; the Gambling Commission and Licensing Authority recommend that betting takes place in areas reserved for, and identified as being for, that purpose.

- Define the areas of the track that will be used by on course operators visiting the track on race days.

- Define any temporary structures erected on the track for providing facilities for betting.

- Define the location of any gaming machines (if any).

- 7.5 Plans should make clear what is being sought for authorisation under the track betting premises licence and what, if any, other areas are to be subject to a separate application for a different type of premises licence.
- 7.6 The Licensing Authority recommends an applicant seek further advice from the Gambling Commission prior to submission of their application.
- 7.7 With regard to gaming machines on tracks, the Licensing Authority will consider carefully the location of any adult gaming machines at tracks to ensure that these machines are in areas which children are excluded, though it is recognised that children and young persons are not prohibited from playing Category D machines on a track.

- 7.8 Betting and Gaming Machines on Tracks - The Licensing Authority recognises the potential space for such machines may be considerable, bringing with it significant problems in relation to the proliferation of such machines. It is the responsibility of the track operator to ensure compliance with the law in preventing children from using these machines. It is for this reason the Licensing Authority may consider restricting the number and location of machines, however, each application will be considered on its own merit.
- 7.9 Self contained betting offices on Tracks - In general, the rules that apply to betting premises away from tracks will apply to self contained betting premises on tracks and the Licensing Authority will consider future guidance from the Gambling Commission about how such premises should be delineated, both to make it clear to the public that they are entering a 'betting office' and to prevent the entry of children and young persons. Applicants are recommended to consider the Gambling Commission's view that it would be preferable for all self-contained premises operated by off course betting operators on track to be the subjects of separate premises licences. This would thus ensure that there was clarity between the respective responsibilities of the track operator and the off course-betting operator running a self-contained unit on the premises.
- 7.10 On advice from the Gambling Commission, the Licensing Authority may attach a condition to track premises licences requiring the track operator to ensure that the rules are prominently displayed in or near the betting areas, or that other measures are taken to ensure that they are made available to the public. For example, the rules could be printed in the race card or made available in leaflet form from the track office. The Licensing Authority would welcome other suitable methods.

8. Travelling Fairs

- 8.1 Travelling fairs do not require any permit to provide gaming machines but must comply with the legal requirements on the way the machine operates. They may provide an unlimited number of Category D gaming machines and the Licensing Authority will expect proof that the facilities for gambling amount to no more than an ancillary amusement at the fair.
- 8.2 The Licensing Authority will consider whether or not a travelling fair falls within the statutory definition of a travelling fair and recognises that the 27 day statutory maximum for the land being used as a fair, is per calendar year, and that it applies to the piece of land on which the fairs are held, regardless of whether it is the same or different travelling fairs occupying the land. The Licensing Authority will work with the neighbouring authorities to ensure that land that crosses joint boundaries is monitored so that the statutory limits are not exceeded.

9. Gaming Machines

- 9.1 Where the Licensing Authority is uncertain of whether or not a machine is a gaming machine as defined under the Act, it will seek the advice of the Gambling Commission.
- 9.2 Where the Licensing Authority has concerns about the manufacture, supply or repair of a gaming machine it will bring this to the attention of the Gambling Commission.
- 9.3 The Licensing Authority will expect the holder of a Permit or Premises Licence to comply with the Codes of Practice issued by the Commission on the location of, and access to, Category D machines by children and young persons and their separation from Category C and B machines where those are also located on the same premises.
- 9.4 The Licensing Authority seeks to discourage applications for Premises Licences for the sole purpose of obtaining the ancillary provision of additional gaming machines where the principal activity either does not take place or is minimal. The Licensing Authority believes that the Gambling Act 2005 intended to set restrictions on the number of gaming machines for certain premises and considers that the fact that the licence authorised the holder to provide facilities for betting or bingo means that the operator must provide those facilities to qualify for the

ancillary entitlement to gaming machines. Whilst this has not yet been legally contested, the Licensing Authority fully supports this view. The Licensing Authority is aware that the Gambling Commission has amended its operator licence conditions to address the issue of the primary gambling activity.

- 9.5 The coastal resorts within the East Lindsey District have a long history of providing family type gaming machines, such as penny falls and cranes. Such machines are primarily aimed at children and family type gaming. We recognise that, on the whole, such machines provide a low risk in relation to the licensing objectives. However, as with all gaming machines, such machines must be operated in a fair and open manner and in line with the protection of children from harm licensing objective.

Any non-monetary prizes within such machines must comply with the maximum prize limits laid down in the regulations prescribing gaming machine categories and entitlements. If items such as toy mobile phones (or other similar novelty items) are offered as prizes then this Authority will expect to see clear signage (displayed on or near the machine in question) indicating that such items are toys / novelty items.

This Authority will bring to the attention of specific machine operators any examples of prizes which it feels are inappropriate or require clarification to prospective machine users. In addition, where it is able to do so this Authority will undertake appropriate compliance action when it feels that prizes within penny falls, cranes and other similar machines are outside the scope of the open and fair and protection of children licensing objectives.

10. Premises Reviews and Other Matters

- 10.1 The Licensing Authority itself on its own volition may review a Premises Licence. Interested Parties or Responsible Authorities can also make requests for a review; however, it is for the Licensing Authority to decide whether or not the review is to be carried out. This will be on the basis of whether the request for the review is relevant to the matters listed below as well as consideration as to whether the request is frivolous, vexatious, will certainly not cause the Authority to wish to alter/ revoke/ suspend the licence or whether it is substantially the same as previous requests for review.
- 10.2 The review will be:
- In accordance with any relevant Code of Practice issued by the Gambling Commission
 - In accordance with any relevant Guidance issued by the Gambling Commission
 - Reasonably consistent with the Licensing Objectives, and
 - In accordance with the Licensing Policy Statement.
- 10.3 The Licensing Authority will endeavour to process review applications without delay and in any event in accordance with Regulations.

- 10.4 The Licensing Authority may initiate a review of a premises licence on the grounds that a premises licence holder has not provided facilities for gambling at the premises. This is to prevent people from applying for premises licences in a speculative manner without intending to use them.
- 10.5 Licensing Committee - The Licensing Committee will consist of 11 Members. Licensing Sub-committees consisting of 3 Committee Members will normally hear any relevant representations from Responsible Authorities and interested parties.
- 10.6 The Licensing Committee will not place themselves in situations where their honesty or integrity may be questioned, will make decisions on their merit and will reach their own conclusions on the issues laid before them and will act in accordance with those conclusions taking into account as necessary and proper, the views of others.
- 10.7 The decision determined by the Sub-Committee will be accompanied with clear, cogent reasons for that decision, having had due regard to the Human Rights Act 1998 and all other relevant legislation.
- 10.8 Appeals - There is a right of appeal both for applicants and those who have made relevant representations or applied for a review. This appeal must be lodged within a period of 21 days from the day on which the applicant was notified by

the Licensing Authority of the decision and must be made to Skegness Magistrates Court.

- 10.9 Provisional Statements - Developers may wish to apply to this Authority for provisional statements before entering into a contract to buy or lease property or land to judge whether a development is worth taking forward in light of the need to obtain a premises licence. There is no need for the applicant to hold an operating licence in order to apply for a provisional statement.

Section 204 of the Gambling Act provides for a person to make an application to the Licensing Authority for a provisional statement in respect of premises that he or she:

- expects to be constructed;
- expects to be altered; or
- expects to acquire a right to occupy.

The process for considering an application for a provisional statement is the same as that for a premises licence application. The applicant is obliged to give notice of the application in the same way as applying for a premises licence. Responsible authorities and interested parties may make representations and there are rights of appeal.

In contrast to the premises licence application, the applicant does not have to hold or have

applied for an operating licence from the Gambling Commission and they do not have to have a right to occupy the premises in respect of which their provisional application is made.

The holder of a provisional statement may then apply for a premises licence once the premises are constructed, altered or acquired. The Licensing Authority will be constrained in the matters it can consider when determining the premises licence application, and in terms of representations about premises licence applications that follow the grant of a provisional statement, no further representations from relevant authorities or interested parties can be taken into account unless:

- they concern matters which could not have been addressed at the provisional statement stage, or
- they reflect a change in the applicant's circumstances.

In addition, the Authority may refuse the premises licence (or grant it on terms different to those attached to the provisional statement) only by reference to matters:

- which objectors could not have raised at the provisional statement stage;
- which in the authority's opinion reflect a change in the operator's circumstances; or
- where the premise has not been constructed in accordance with the plan submitted with the application. This must be a substantial change to the plan and this Licensing Authority notes that it can discuss any concerns it has with the applicant before making a decision.

11. Think 21 Policy

- 11.1 The Licensing Authority strongly supports campaigns to reduce the illegal access of underage persons to adult only gambling and encourages the use of a Think 21 policy within premises providing adult only gambling facilities. Under the scheme, premises providing adult only gambling facilities should seek proof of age from anybody who appears to be under the age of 21. The policy should create a culture of expectation that in premises providing adult only gaming facilities, proof of age should either be offered or produced on demand and that this should be the norm as far as access to over 18 gambling is concerned.
- 11.2 Whilst supporting the Think 21 Scheme the Licensing Authority recognises that some premises may wish to go a step further by introducing a Think 25 Scheme.

12. Test Purchasing

- 12.1 This Authority will undertake covert test purchasing exercises in order to check compliance with the requirement that under 18s do not access 'adult only' gambling facilities. This exercise is in response to concerns about underage gambling vulnerabilities in particular sub-sectors of the gambling industry. Under the terms of the Gambling Commission's Licence Conditions and Codes of Practice operators must monitor the effectiveness of their policies and procedures for preventing underage access to gambling premises and products. At the time of the drafting of this policy certain sub-sectors of the gambling industry had not provided the Gambling Commission with any assurances that this was happening. Those sub-sectors are, broadly, the small and medium-sized Betting Premises, Adult Gaming Centres and Family Entertainment Centres
- 12.2 Both this Authority and the Gambling Commission have particular concerns with regards to access to adult only gaming machines, which may be accessible without any interaction between the player and a member of staff. With this in mind, and taking into consideration the concerns detailed in paragraph 12.1 above, this Authority will continue with its policy of targeted test purchasing exercises.

- 12.3. There are number of steps which this Authority would recommend to operators in order to prevent underage access and monitor the effectiveness of their policies. These steps include the adoption of a Think 21 Policy and the use of third party test purchasing in order to test the effectiveness of the Think 21 Policy. Further recommended steps can be found in the 'Premises Sections' of this policy document.

Part C - Statement of Principles on Permits

Permits / Temporary & Occasional Use Notice

Note for information: The Gambling Act 2005 introduced a range of permits for gambling. Permits are required when premises provide a gambling facility but either the stakes and prizes are very low or gambling is not the main function of the premises. The permits regulate gambling and the use of gaming machines in a specific premises. The Licensing Authority may only grant or reject an application for a permit and cannot impose or attach any conditions. There are different considerations to be taken into account when considering the different types of permit applications. Where a Permit is granted, the Licensing Authority will issue the Permit as soon as is reasonably practicable.

1. Unlicensed Family Entertainment Centre (uFEC) Gaming Machine Permits

- 1.1 Where a premise does not hold a premises licence but wishes to provide gaming machines, it may apply to the Licensing Authority for this permit. It should be noted that the applicant must show that the premises will be wholly or mainly used for making gaming machines available for use.
- 1.2 The Licensing Authority must be satisfied that the premises will be used as an unlicensed Family Entertainment Centre (i.e. an amusement arcade) and Lincolnshire Police must be consulted on all applications.
- 1.3 When determining a permit, the Licensing Authority will have regard to the Gambling Commission's Guidance to Licensing Authorities and although not required to, will have regard to the three Licensing Objectives.
- 1.4 As these premises particularly appeal to children and young persons, the Licensing Authority will give weight to child protection issues. An application for a permit may be granted only if the Licensing Authority is satisfied that the

premises will be used as an unlicensed FEC, and the Licensing Authority will expect applicants to demonstrate:

- A full understanding of the maximum stakes and prizes of the gambling, which is permissible in unlicensed FECs.
- That staff are trained to have a full understanding of the maximum stakes and prizes.
- The applicant's previous history and experience of running similar premises.
- Applicants must produce a Basic Criminal Records Bureau (CRB) check dated within one calendar month of the date of the application being submitted to the Licensing Authority. The Disclosure will reveal the existence and content of any criminal record (not spent under the terms of the Rehabilitation of Offenders Act) held in the name of the applicant.

1.5 Where an applicant provides evidence that he has an Operating Licence and has as a result undergone rigorous checks by the Gambling Commission, then a CRB check will not normally be required.

1.6 When considering any convictions revealed in an application the Licensing Authority will consider the nature and relevance of the offence, how long ago the offence took place and any other factors that may be relevant. The application will be subject to the terms of the Rehabilitation of Offenders

Act and 'spent' convictions may not be referred to when considering the permit application. The application process will make specific reference to the Relevant Offences listed in Schedule 8 to the Gambling Act 2005.

1.7 Statement of Principles for Unlicensed Family Entertainment Centres - As these premises are open to children and young persons, the Licensing Authority will require additional information when an applicant applies for this Permit, as follows:

- A scaled plan of the premises indicating the location of Category D machines, Automated Teller Machines and any appropriate notices that are to be displayed;
- The approximate number of Category D machines that will be provided;
- Evidence that applicants have a full understanding of the maximum stakes and prizes that are permissible;
- Evidence that staff are trained to have a full understanding of the maximum stakes and prizes that are permissible;
- A basic Criminal Records Bureau (CRB) check dated within one calendar month of the date of the application being submitted to the Licensing Authority (unless the applicant holds a current Operator's Licence issued by the Gambling Commission);

- Evidence of staff training by way of a Premises Log Book which should be signed and dated by staff to prove that training has been undertaken and understood;
 - Training for staff as regards dealing with suspected truant school children on the premises;
 - Policies and procedures in place to protect children from harm. Harm in this case is not limited to harm from gambling but includes wider child protection considerations. The efficiency of such policies and procedures will each be considered on their merits, however, they may include appropriate measures such as training, covering how staff would deal with unsupervised very young children being on the premises or children causing perceived problems on or around the premises;
 - The amount of space around gaming machines to prevent jostling of players or intimidation;
 - Details of opening hours;
 - Approximate numbers of staff employed.
- 1.8 Where an applicant fails to comply with the above requirements, the Licensing Authority may refuse the application. Where there is reason for such a refusal, the Licensing Authority will notify the applicant of its intention to refuse and the reasons for the refusal. The applicant will then have an opportunity to make representations orally, in writing or both and will have a right of appeal against any decision made.
- 1.9 With regard to renewal applications, the Licensing Authority may refuse an application for renewal of a permit only on the grounds that an authorised local authority officer has been refused access to the premises without reasonable excuse, or that renewal would not be reasonably consistent with the pursuit of the Licensing Objectives.
- 1.10 Where the Permit has been granted the Licensing Authority will issue the permit as soon as is reasonably practicable and in any event in line with the Regulations issued by the Secretary of State. The permit will then remain in effect for 10 years unless surrendered or lapsed.
- 1.11 The Licensing Authority recommends that applicants for unlicensed FEC Permits consider adopting BACTA's voluntary Code of Practice for Amusement with Prizes Machines in Family Entertainment Centres. This Code of Practice promotes awareness of social responsibility and acknowledges that proactive specific and appropriate commitment will be given to educating children and young persons, thereby minimising the potential for harm.

2. Alcohol Licensed Premises Gaming Machine Permits

2.1 With regard to gaming machines on premises that sell alcohol, the applicant is entitled to up to 2 gaming machines of Category C or D machines, subject to the applicant notifying the Licensing Authority, paying the prescribed fee and complying with any relevant Codes of Practice issued by the Gambling Commission.

2.2 The Licensing Authority may remove the automatic authorisation if:

- Provision of the machines is not reasonably consistent with the pursuit of the Licensing Objectives;
- Provision of the machines is not compliant with the mandatory conditions relating to location and operation of machines;
- Gaming has taken place on the premises that breaches a condition of Section 282 of the Gambling Act;
- An offence under the Gambling Act has been committed on the premises; or
- The premises are mainly used for gaming

2.3 The Licensing Authority will expect the applicant to comply with any Codes of Practice issued by the Gambling Commission and consider such measures to ensure that under 18s do not have access to the adult only gaming machines. The Licensing Authority recommends considering such measures as:

- The adult machines being sited close to the bar;
- The adult machines being sited where staff can monitor them;
- Appropriate notices and signage;
- Provision of information leaflets/help line numbers for organisations such as GamCare.

2.4 If a premises wishes to have more than 2 machines, then it needs to apply for a permit and the Licensing Authority must consider that application based upon the licensing objectives, any guidance issued by the Gambling Commission issued under Section 25 of the Gambling Act 2005, and “such matters as they think relevant.” This Licensing Authority considers that “such matters” will be decided on a case by case basis but generally there will be regard to the need to protect children and vulnerable persons from harmed or being exploited by gambling and will expect the applicant to satisfy the authority that there will be

sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machines. Measures which will satisfy the Authority that there will be no access may include the adult machines being in sight of the bar, or in the sight of staff who will monitor that the machines are not being used by those under 18. Notices and signage may also be help. As regards the protection of vulnerable persons, applicants may wish to consider the provision of information leaflets/helpline numbers for organisations such as GamCare. It should be noted that the Licensing Authority can decide to grant the application with a smaller number of machines and/or a different category of machines than that applied for. Conditions (other than these) cannot be attached.

- 2.5 There is no statutory limit on the number of machines, which may be applied for. However it is the Licensing Authority's policy that a licensing hearing must consider any application for three or more machines where Officers are of the opinion that the premise is not suitable for the number of machines applied for. It is important to note that the hearing is unlikely to grant a permit for more than six machines and even then six machines will normally only be granted to exceptionally large premises.
- 2.6 It should also be noted that the holder of a permit must comply with any Code of Practice issued by the Gambling Commission about the location and operation of machines.

- 2.7 It is recognised that some alcohol-licensed premises may apply for a premises licence or an uFEC permit for their non-alcohol licensed areas. For the room in question to obtain a permit its predominant use must be that of an amusement arcade. There must also be some form of acceptable delineation, which indicates that the alcohol area and family entertainment centre are two separate premises.
- 2.8 Gaming in alcohol-licensed premises - The Licensing Authority recognises that low level gaming may take place in alcohol-licensed premises. Exempt gaming being equal chance gaming that should be ancillary to the purposes of the premises. This gaming, however, is subject to statutory stakes and prize limits determined by the Secretary of State. A nominated gaming supervisor should therefore supervise gaming in alcohol-licensed premises, (i.e. the Designated Premises Supervisor (DPS)) and all gaming should comply with the Codes of Practice issued by the Gambling Commission. As there is likely to be limited regulatory scrutiny of gaming provided in these premises, the Licensing Authority expects the applicant to be aware of and adopt these Codes of Practice and to ensure that all gaming in such premises is suitably managed.

3. Prize Gaming Permits

- 3.1 Prize Gaming Permits must be obtained where a Casino or Bingo Operating Licence is not in effect. However, a casino is not entitled to provide bingo without a Prize Gaming Permit. As children and young persons may participate in equal chance prize gaming, and given that the premises will particularly appeal to children and young persons, the Licensing Authority has prepared a Statement of Principles that it proposes to apply in exercising its functions which specifies matters that the Licensing Authority propose to consider in determining the suitability of an applicant for a Prize Gaming Permit.
- 3.2 The Licensing Authority will require detailed information when an applicant applies for this Permit, as follows:
- A scaled plan of the premises indicating the location of the machines, other prize gaming facilities, etc., and any appropriate notices that are to be displayed;
 - Evidence that applicants have a full understanding of the maximum stakes and prizes that are permissible;
 - Evidence that staff are trained to have a full understanding of the maximum stakes and prizes that are permissible;

- A basic Criminal Records Bureau (CRB) check dated within one calendar month of the date of the application being submitted to the Licensing Authority (unless the applicant holds a current Operator's Licence issued by the Gambling Commission);
- Evidence of staff training by way of a Premises Log Book which should be signed and dated by staff to prove that training has been undertaken and understood;
- Policies and procedures in place to protect children from harm. Harm in this case is not limited to harm from gambling but includes wider child protection considerations. The efficiency of such policies and procedures will each be considered on their merits, however, they may include appropriate measures such as training, covering how staff would deal with unsupervised very young children being on the premises or children causing perceived problems on or around the premises;
- The amount of space around gaming machines to prevent jostling of players or intimidation;
- Details of opening hours;
- Approximate numbers of staff employed.

- 3.3 Where an applicant provides evidence that he has an Operating Licence and has as a result undergone rigorous checks by the Gambling Commission, then a CRB check will not normally be required.
- 3.4 When considering any convictions revealed in an application the Licensing Authority will consider the nature and relevance of the offence, how long ago the offence took place and any other factors, which may be relevant. The application will be subject to the terms of the Rehabilitation of Offenders Act and 'spent' convictions may not be referred to when considering the permit application. The application process will make specific reference to the Relevant Offences listed in Schedule 8 to the Gambling Act 2005
- 3.5 In making its decision on an application for this permit, the Licensing Authority does not need to have regard to the Licensing Objectives and will take into account, after consultation, any objections that the Police may wish to make whether relevant to the Licensing Objectives. The grounds for decision making as regards renewals are the same as for initial applications.
- 3.6 Where the Licensing Authority intends to refuse the application for a permit, it will notify the applicant of its intention to refuse it stating the reasons and offering the applicant an opportunity to make representations orally or in writing or both.
- 3.7 Where an application is granted the Licensing Authority will issue it as soon as is reasonably practicable.

4. Club Gaming and Club Machine Permits

- 4.1 Members Clubs and Miners' Welfare Institutes (not Commercial Clubs) may apply for a Club Gaming Permit or Club Gaming Machine Permit. Before granting a Permit, the Licensing Authority must be satisfied that the premises meets the requirements of a members' club.
- 4.2 The Licensing Authority recognises that there is a 'fast track' procedure for premises holding a Club Premises Certificate under the Licensing Act 2003 and that there is no opportunity for objections to be made by the Commission or the Police and the grounds upon which the Licensing Authority can refuse a permit are reduced.
- 4.3 Gaming in Commercial Clubs - A commercial club is a club that is established as a commercial enterprise and differs from a members' club that is conducted for the benefit of its members. Commercial Clubs may only apply for Club Machine Permits, not Club Gaming Permits. The Licensing Authority expects Commercial Club licence holders to comply with the Gambling Commission's Codes of Practice and the Secretary of State's statutory stakes and prizes limits.

- 4.4 Gaming in Clubs and Compliance - Holders of Club Gaming and Club Machine permits are reminded that such permits will be monitored by the Licensing Authority for compliance and that there are powers to review and revoke in the event of non-compliance. In order to gain the levels of gaming authorised by a Club Gaming or Club Machine permit the club concerned must operate as a bona fide members club - permit holders should be aware that where appropriate such matters will be scrutinised by the Licensing Authority.

5. Temporary Use Notices (TUN)

- 5.1 A Temporary Use Notice may only be granted to a person or company holding a relevant Operating Licence and there are a number of statutory limits as regards TUNs. Section 218 of the Act refers to a 'set of premises' and provides that a set of premises is the subject of a temporary use notice if 'any part' of the premises is the subject of a notice. The reference to a 'set of premises' prevents one large premise from having a temporary use notice in effect for more than 21 days in a year by giving notification in relation to different parts of the premises and re-setting the clock. The Licensing Authority will decide what constitutes a 'set of premises' where Temporary Use Notices are received relating to the same building / site.
- 5.2 In considering whether a place falls within the definition of a 'set of premises' the Licensing Authority will look at the ownership/occupation and control of the premises and the Licensing Authority will consider whether different units are in fact different 'sets of premises'. An example would be a large exhibition centre with different exhibition halls. This would be considered properly as one premise and would not be granted a temporary use notice for each of its exhibition halls.

- 5.3 On receipt of a TUN the Licensing Authority will send a written acknowledgement as soon as is reasonably practicable and this may be by way of e-mail.
- 5.4 The Licensing Authority may object to notices where it appears that their effect would be to permit regular gambling in a place that could be described as one set of premises. The Licensing Authority and other bodies to which the notice is copied may give notice of objection but they must have regard to the Licensing Objectives and where there are such objections, they must give a notice of objection to the person who gave the TUN, such notice will be copied to the Licensing Authority.

6. Occasional Use Notices (OUN)

- 6.1 An Occasional Use Notice may be used where there is betting on a track on 8 days or less in a calendar year. The OUN dispenses with the need for a Betting Premises Licence for a track and the Licensing Authority will maintain a register of all applications.
- 6.2 Tracks are normally thought of as permanent race courses, but the meaning of track not only covers horse racecourses or dog tracks, but also any other premises on any part of which a race or other sporting event takes place or is intended to take place. Although the track need not be a permanent fixture, land used temporary as a track providing races or sporting events may qualify. The Licensing Authority will, however, consider what constitutes a 'track' on a case-by-case basis and will ensure that the statutory limit of 8 days in a calendar year is not exceeded.

7. Small Society Lotteries

7.1 The Licensing Authority registers and deals with small society lotteries. Promoting or facilitating a lottery falls within one of the following categories:

- Licensed Lotteries (requiring an Operating Licence from the Gambling Commission);
- Small Society Lotteries (registered with the Licensing Authority); and
- Exempt Lotteries

7.2 Lotteries permitted to be conducted without a licence from the Gambling Commission and these are:

- Small Society Lotteries (registered with the Licensing Authority);
- Incidental Non-Commercial Lotteries;
- Private Lotteries: (Private Society Lottery, Work Lottery, Residents' Lottery);
- Customer Lotteries

7.3 Societies may organise lotteries if they are licensed by the Gambling Commission, registered with the Licensing Authority or fall within the exempt category. The Licensing Authority recommends those seeking to run lotteries take their own legal advice on which type of lottery category they fall within. However, guidance notes with regard to all lotteries, limits placed on small society lotteries and information setting out financial limits are available by contacting the Licensing Team.

7.4 Applicants for lottery licences must apply to the Licensing Authority in the area where their principal office is located. Where the Licensing Authority believes that the Society's principal office is situated in another area it will inform the Society as soon as possible and where possible, will inform the other Licensing Authority.

7.5 The Licensing Authority will keep a Public Register of all applications and will provide information to the Gambling Commission on all lotteries registered by the Licensing Authority. As soon as the entry on the Register is completed, the Licensing Authority will notify the applicant of registration.

- 7.6 The Licensing Authority will ask applicants to set out the purposes for which the Society is established and will ask the Society to declare that they represent a bona fide non-commercial society and have no relevant convictions. The Licensing Authority may, however, seek further information from the Society and in particular may require a copy of the society's constitution.
- 7.7 Where the Licensing Authority intends to refuse registration of a Society, it will give the Society an opportunity to make representations and will inform the Society of the reasons why it is minded to refuse registration and supply evidence on which it has reached that preliminary conclusion.
- 7.8 The Licensing Authority may revoke the registered status of a society if it thinks that they would have had to, or would be entitled to, refuse an application for registration if it were being made at that time. However, no revocations will take place unless the Society has been given the opportunity to make representations. The Licensing Authority will inform the society of the reasons why it is minded to revoke the registration and will provide an outline of the evidence on which it has reached that preliminary conclusion.

- 7.9 With regards to where small society lottery tickets may be sold, the Licensing Authority applies the following guidance criteria to all small society lotteries it registers:

- tickets should not be sold in a street - street includes any bridge, road, lane, footway, subway, square, court or passage (including passages through enclosed premises such as shopping malls); and
- tickets may be sold from a kiosk, in a shop or door-to-door.

This approach is consistent with the operating licence conditions imposed by the Gambling Commission upon operators of large lotteries.

8. Review of Licensing Policy, etc.

- 8.1 This Policy (Statement of Principles) will remain in existence for a period of three years and will be subject to review and further consultation before 2019. However, following consultation, the Licensing Authority may make revisions to it as deemed necessary.
- 8.2 Delegated Powers - Decisions on all licensing matters will be taken in accordance with an approved scheme of delegation, as attached at Appendix 1. This is aimed at underlining the principles of timely, efficient and effective decision-making.
- 8.3 Inspection and Enforcement - In respect of compliance the Licensing Authority will take the lead in ensuring compliance with the licence and any relevant Codes of Practice. The Gambling Commission will be the enforcement body for the Operator and Personal Licences and illegal gambling. Concerns about manufacture, supply or repair of gaming machines will not be dealt with by the Licensing Authority but information will be passed on to the Gambling Commission where such concerns are found.
- 8.4 In order to ensure compliance with the law, the Licensing Authority will prepared a risk based Inspection Programme and will carry out regular 'routine' programmed inspections, based on risk assessment in the categories High, Medium and Low and will also carry out 'non routine' inspections. Where one off events are taking place under a Temporary Use Notice (TUN) or Occasional Use Notice (OUN), the Licensing Authority may also carry out inspections to ensure the Licensing Objectives are being promoted.
- 8.5 High-risk premises are those premises that have a history of complaints and require greater attention with low risk premises needing only a lighter touch so that resources are effectively concentrated on problem premises.
- 8.6 In considering enforcement action, the Licensing Authority will bear in mind the Human Rights Act, in particular:
 - Article 1, Protocol 1 - peaceful enjoyment of possessions
 - Article 6 - right to a fair hearing
 - Article 8 - respect for private and family life
 - Article 10 - right to freedom of expression

- 8.7 Any decision to instigate legal proceedings will take into account the Authority's Enforcement Policy. In addition, the Licensing Authority will adopt a positive and proactive approach towards ensuring compliance by:
- Helping and encouraging licence/permit holders understand and meet their regulatory requirements more easily; and
 - Respond proportionately to regulatory breaches.
- 8.8 The Licensing Authority will aim to protect and enhance the safety of people who live in, work in, or visit the East Lindsey District through the application and enforcement of licensing legislation and the promotion of the Licensing Objectives.
- 8.9 The Licensing Authority sets out below the principles to be applied in exercising its functions with regard to inspection of premises and enforcement. The Licensing Authority in carrying out its regulation functions will follow the Statutory Code of Practice for Regulators.
- Proportionate: regulators only intervening when necessary.
 - Accountable: regulators to justify its decisions
 - Consistent: standards and rules to be joined up and implemented fairly
 - Transparent: regulations to be simple and user friendly
 - Targeted: focused on the problem
- 8.10 The Licensing Authority will endeavour to avoid duplication with other regulatory regimes so far as possible and will keep itself informed of developments as regards the work of the statutory Code of Practice for Regulators.
- 8.11 Premises licence holders are advised that where following the receipt of a warning or warnings in relation to a premises licence breach or breaches, an operator subsequently breaches the licence conditions, the Licensing Authority will seek to review the premises licence.
- 8.12 Enforcement in relation to Bookmakers - The Licensing Authority recognises that certain bookmakers have a number of premises within the area. In order to ensure that any compliance issues are recognised and resolved at the earliest stage, operators are requested to give the Licensing Authority a single named point of contact, who should be a senior individual, and whom the Licensing Authority will contact first should any compliance queries or issues arise.

9. Delegation of Functions

- 9.1 The table shown at Appendix I of this Policy sets out the agreed delegation of decisions and functions to Licensing Committee, Sub-Committee and Officers. This form of delegation is without prejudice to Officers referring an application to a Sub-Committee, or to the Full Committee, if considered appropriate in the circumstances of any particular case. The table at Appendix I shows the scheme of delegation at the time of adopting this Policy document. Such scheme of delegation may be subject to addition or amendment at a later date without the need to amend this written document.

Appendix 1 - Summary of Delegated Powers

Any other relevant matter not detailed in this scheme of delegation will be dealt with (where appropriate) by a Sub-Committee of the Licensing Committee.

Matter to be dealt with	Full Council	Sub-Committee of Licensing Committee	Officers
Three year licensing policy (statement of principles)	X		
Policy not to permit casino(s)	X		
Fee Setting (when appropriate)	Executive Board		
Application for premises licenses		Where representations have been received and not withdrawn	Where no representations received/ representations have been withdrawn
Application for a variation to a licence		Where representations have been received and not withdrawn	Where no representations received/ representations have been withdrawn
Application for a transfer of a licence		Where representations have been received from the Commission and not withdrawn	Where no representations received from the Commission/ representations have been withdrawn
Application for a provisional statement		Where representations have been received and not withdrawn	Where no representations received/ representations have been withdrawn
Review of a premises licence *See note at the bottom of this table.		X	
Application to amend / replace default premises licence condition		X	
Application for club gaming/club machine permits		Where objections have been made (and not withdrawn)	Where no objections made/objections have been withdrawn
Cancellation of club gaming/club machine permits		X	

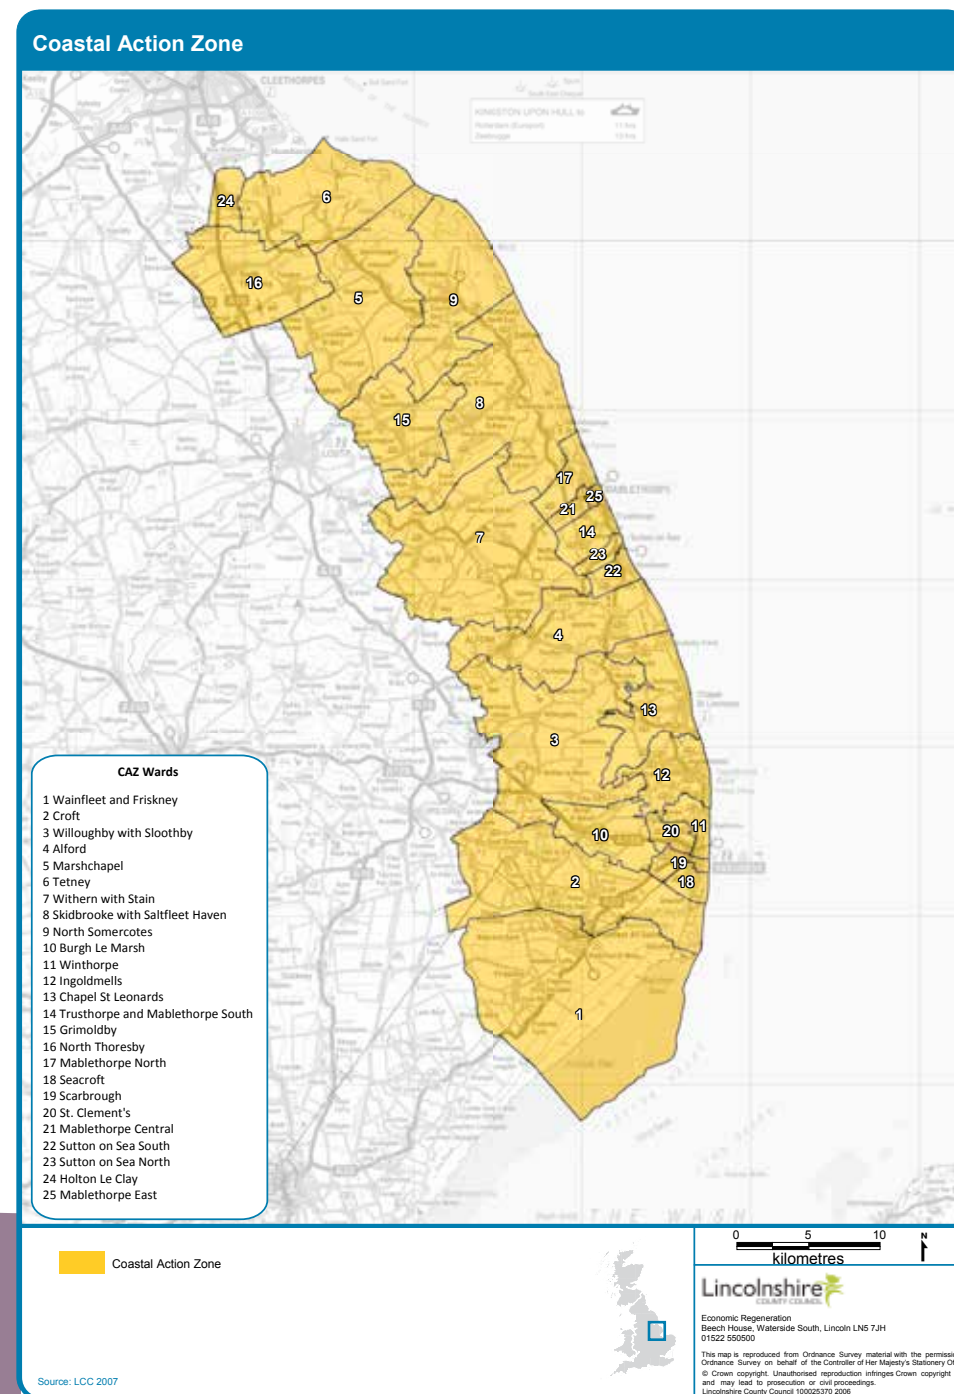

Matter to be dealt with	Full Council	Sub-Committee of Licensing Committee	Officers
Applications for other permits / authorisations		Where officers believe there is a reason to refuse the application	X
Cancellation of licensed premises gaming machine permits			X
Consideration of temporary use notice			X
Decision to give a counter notice to a temporary use notice		X	
Registration of small society lotteries		Where Officer's believe there is a reason to refuse the application for registration	X
Removal of automatic entitlement of two gaming machines in alcohol licensed premises		X	

Premises Review applications will be considered by a Licensing Sub-Committee. Any review applications initiated by the Licensing Authority will be called before the Committee by officers acting under delegated powers. The delegated power to initiate reviews by the Licensing Authority is vested with the Team Leader - Environment or his/her nominated deputy.

The setting of licence and permit fee levels will be undertaken by the Executive Board of the Council acting on the recommendations of the Licensing Committee.

Appendix 4 -

List of Consultees

Gambling Policy – Consultation July to August 2015

A copy of the Consultation Document was sent to all the following:

- Skegness Town Council
- Horncastle Town Council
- Louth Town Council
- Mablethorpe Town Council
- Coningsby Town Council
- Alford Town Council
- Spilsby Town Council
- Tattershall with Thorpe Parish Council
- Ingoldmells Parish Council
- Chapel St Leonards Parish Council

- Lincolnshire Police
- Lincolnshire Trading Standards
- Lincolnshire Fire & Rescue
- Lincolnshire Safeguarding Childrens Board

- Kurnia Licensing Consultants
- Blake Morgan, Solicitors
- Hodgkinsons, Solicitors
- Bridge McFarland, Solicitors
- Frearsons, Solicitors

- Skegness Pubwatch
- Play Nation Limited

- Roger Etchells & Co.

- Other Lincolnshire District Councils

- Adult Gaming Centre and Bingo premises licence holders within the East Lindsey District

- Gambling Commission

In addition, a copy of the consultation document was placed on the Council's website between 21 July and 28 August 2015.
